**Product Information and ZRC Targets:**

A Zonal Resource Credit ("ZRC") is as defined in MISO's Business Practice Manuals and MISO's Open Access Transmission, Energy and Operating Reserve Market Tariff, for a given Planning Year. Each ZRC is for one (1) MW. The procurement of capacity for AIC is to satisfy a portion of its forecast requirement in the 2023-2024 and the 2024-2025 Planning Years. The provisional ZRC Targets are as follows:

| Planning Year | Forecast Requirement | ZRC Target (number ZRCs) |
|---------------|----------------------|--------------------------|
| 2023-2024     | 1,715                | 214                      |
| 2024-2025     | 1,709                | 214                      |

**Complete and Sign Certification:**

I, , certify under penalty of perjury that I am authorized to submit these Bids.

By typing my name in the box below I am providing my electronic signature and I understand and agree to the following: Any Bid for the Planning Year submitted in response to this procurement event is binding until nine (9) business days after the Bid Date. Each Bid constitutes a binding and irrevocable offer to deliver for a given Planning Year the quantity of ZRCs specified for that Planning Year, from the Source Zone provided, at the price included in the Bid and under the terms of the (AIC) Capacity Agreement. All Bids together constitute a binding and irrevocable offer to deliver for a given Planning Year, under the terms of the (AIC) Capacity Agreement, the number of ZRCs approved for the Planning Year, from the Source Zone specified, and at the stated prices.
