CARBON MITIGATION CREDIT AGREEMENT

THIS CARBON MITIGATION CREDIT AGREEMENT (the "CMC Contract") is entered into as of this ___ day of December______, 2021 (the "Effective Date"), by and between _______________ ("Seller" or "Party A") and Commonwealth Edison Company ("Buyer" or "Party B"). Each of Seller and Buyer is sometimes referred to herein as a "Party" or collectively as the "Parties."

RECITALS

WHEREAS, the Illinois Power Agency ("IPA") issued a Request for Proposal (the "RFP") for Carbon Mitigation Credits ("CMCs") for which bid results were approved by the Illinois Commerce Commission on _____________________ December, 2021;

WHEREAS, Seller was a winning bidder with respect to the Facility selected through the RFP;

WHEREAS, pursuant to the RFP, Buyer and Seller agreed to enter into this CMC Contract to set forth the terms and conditions of the Transaction entered into by the Parties; and

WHEREAS, each of Buyer and Seller believes it is in its best interest to enter into this CMC Contract;

NOW, THEREFORE, FOR AND IN CONSIDERATION of the mutual agreements contained in this CMC Contract and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. **Incorporation of Master CMC Agreement**.

a. Except as otherwise expressly set forth in this CMC Contract (and as otherwise amended, supplemented and modified herein), this CMC Contract shall be subject to and governed by all the terms and conditions from the form of the agreement entitled "Master Renewable Energy Certificate Purchase and Sale Agreement" attached hereto as Exhibit C (hereinafter the "Master CMC Agreement") and such terms, as modified hereby, are incorporated herein by reference. For purposes of the definitions contained in the Master CMC Agreement, this CMC Contract shall constitute the "Transaction" and the "Cover Sheet," and the "Effective Date" shall constitute the "Trade Date." Capitalized terms used and not otherwise defined herein shall have the same meaning as in the Master CMC Agreement.

b. If the Parties have entered into another agreement that governs transactions other than the Transaction set forth in this CMC Contract, such other agreement shall not apply for the purposes of the Transaction confirmed under this CMC Contract, and this CMC Contract shall be treated as separate and stand-alone from all other transactions between the Parties. This CMC Contract shall apply solely for purposes of the Transaction specified herein and shall not apply for the purposes of any other transactions between the Parties. The terms of the Transaction are specified in this CMC Contract and there shall be no separate Confirmation or Product Order confirming the terms of the Transaction. References to "Confirmation" or "Product Order" in the Master CMC Agreement shall refer to this Cover Sheet.

2. **Additional Definitions**.

a. For purposes of Deliveries and payment, the following definitions shall apply:

(i) "CMC Monthly Price" with respect to a particular Vintage means the price for CMCs specified in the Payment Calculation Notice for such Vintage as calculated by the IPA and issued to Buyer and Seller. The CMC Monthly Price for a month

shall be applicable to all Delivered CMCs that have a Vintage of such month. The CMC Monthly Price shall be calculated consistent with the methodology set forth in the Carbon Mitigation Credit Procurement Plan as approved by the Illinois Commerce Commission in ICC Docket No. 21-0718.

(ii) "Delivery Month" means any of the calendar monthly periods within the Delivery Term for which CMCs are Delivered.

(iii) "Delivery Term" means the period starting on June 1, 2022 and ending on July 31, 2027, unless extended due to delays in the issuance or delays in transfer of CMCs by the Tracking System. Notwithstanding the foregoing, the Delivery Term shall end no later than October 31, 2027.

(iv) "Delivery Year" means the twelve (12) calendar months beginning with June of one calendar year through and including May of the following calendar year; provided that the first Delivery Year shall be deemed to be the period beginning on June 1, 2022 through May 31, 2023.

(v) "Delivery Year Actual Generation" means with respect to a Delivery Year, the actual generation of the Facility that occurred during such Delivery Year on a MWh basis, which shall be calculated using the hourly generation data provided by Seller for each month of such Delivery Year.

(vi) "Delivery Year Projected Generation" means with respect to a Delivery Year, the generation of the Facility projected for such Delivery Year on a MWh basis as specified in Table 1 of the Cover Sheet as such information is provided by Seller during the RFP process.

(vii) "Delivery Year Performance" means with respect to a Delivery Year, the measure calculated by the IPA within thirty (30) days following such Delivery Year, and which is used to determine if the Facility has met the Minimum Delivery Commitment for such Delivery Year. The Delivery Year Performance shall be the sum of the Delivery Year Projected Generation for the Delivery Years in which there is not yet any Delivery Year Actual Generation plus the Delivery Year Actual Generation of Delivery Years in which Delivery Year Actual Generation exists across each of the five Delivery Years from June 1, 2022 through May 31, 2027, divided by 5, and rounded down to the nearest integer.

(viii) "Facility" means the nuclear reactor generating unit owned by Seller, which Pnode ID is identified in Table 1 of the Cover Sheet, that was selected through the RFP and from which the Product is sourced.

(ix) "Minimum Delivery Commitment" means the annual average generation of the Facility that Seller is committed to operate during the period June 1, 2022 through May 31, 2027 as specified in Table 1 of the Cover Sheet. For avoidance of doubt, the Minimum Delivery Commitment shall equal the multiplicative product of (a) 88%, (b) 8,760, and (c) the Facility's Unit Summer Capacity (MW), rounded down to the nearest integer.

(x) "Payment Calculation Notice" means a notice that is issued by the IPA to Buyer and Seller within twenty-five (25) days of the end of each month of the period from June 1, 2022 through May 31, 2027 containing information related to the CMC Monthly Price of such month that has concluded. For the avoidance of doubt, the first Payment Calculation Notice shall be issued no later than July 25, 2022 related to the

CMC Monthly Price associated with CMCs that have a Vintage of June 2022.

(xi) "Shortfall CMC Quantity" means, with respect to a Delivery Year where the Delivery Year Performance is less than the Minimum Delivery Commitment, the result obtained by subtracting such Delivery Year Performance from the Minimum Delivery Commitment.

(xii) "Shortfall Payment Amount" means, with respect to a Delivery Year where the Delivery Year Performance is less than the Minimum Delivery Commitment, the lesser of: (a) the Collateral Requirement and (b) the result obtained by multiplying such Delivery Year's bid price as indicated in Table 1 of the Cover Sheet and the Shortfall CMC Quantity.

(xiii) "Subsidy" or "Subsidies" means, with respect to the period from June 1, 2022 through May 31, 2027, any federal tax credits, credits issued pursuant to a federal clean energy standard, and other federal credits, direct payments, or similar subsidy programs that support carbon-free generation from any unit of government applicable to the Facility and for which Seller is eligible to apply for in relation to the Facility.

(xiv) "Unit Summer Capacity (MW)" means the unit summer capacity for the Facility as specified in Table 1 of the Cover Sheet and indicated by Seller in the RFP.

(xv) "Vintage" means, with respect to each CMC, the month in which the applicable electricity generation occurred. For the avoidance of doubt, this definition shall also replace the definition of "Vintage" in the Master CMC Agreement.

3. **Product**

a. This CMC Contract is for Delivery of CMCs only and is not for energy or capacity or requiring physical delivery of such energy or capacity.

b. All CMCs Delivered shall be from net generation of electricity from the Facility delivered to the grid.

c. No payment shall be due for any CMC(s) that are related to net generation of electricity that occurred prior to June 1, 2022 or occurs after May 31, 2027 (such CMCs, "Ineligible CMCs"). Seller shall have no obligation to Buyer with respect to any Ineligible CMCs.

d. Subject to Section 11 of the Cover Sheet, all CMCs that are related to net generation of electricity from the Facility delivered to the grid that occurred during the period June 1, 2022 through May 31, 2027 must be Delivered to Buyer via an irrevocable Standing Order.

e. Each Delivery of a CMC shall be deemed a representation by Seller that the Product meets the requirements of this CMC Contract and the Applicable Program.

f. Buyer is under no obligation to return any Delivered CMCs to Seller regardless of whether payment is due to Seller for such CMCs or not.

g. All CMCs Delivered will be retired by Buyer. Buyer shall use commercially reasonable efforts to retire CMCs within one (1) month of such CMCs being Delivered. For avoidance of doubt, neither the transfer of title nor the retirement of a CMC in the Tracking System obligates Buyer to make payment to Seller or Seller to make payment to Buyer for such CMCs.

4. **Minimum Delivery Obligation**.

With respect to each Delivery Year in the Delivery Term, the Facility's Delivery Year Performance must equal or exceed the Minimum Delivery Commitment. Failure of the Facility's Delivery Year Performance to meet the Minimum Delivery Commitment shall constitute an Event of Default. For avoidance of doubt, the Delivery Year Performance and Minimum Delivery Commitment shall be adjusted to account for any Suspension Period. The IPA shall determine if the Facility has met this requirement within thirty (30) days following the end of the Delivery Year. If it is determined by the IPA that the Facility has failed to meet this requirement, then IPA shall provide written notice of such failure to Buyer and Seller, and the Buyer shall notify the Seller of the Event of Default within ten (10) Business Days of receipt of such notice from the IPA.

Upon notifying the Seller of the occurrence of such Event of Default, Seller shall have ten (10) Business Days to either demonstrate to the satisfaction of each of IPA and Buyer in their respective sole discretion, that such Event of Default has not occurred, or to effect a cure by making a payment in the amount of the Shortfall Payment Amount. For the avoidance of doubt, if Seller cures such Event of Default by making payment in the amount of the Shortfall Payment Amount in a timely manner, then the Event of Default shall cease to be an Event of Default upon such payment. If Seller fails to demonstrate that such Event of Default has not occurred or fails to cure the Event of Default within ten (10) Business Days of Seller's receipt of Buyer's notice, then Buyer shall terminate this CMC Contract.

If Seller cures such Event of Default by making payment in the amount of Shortfall Payment Amount, then for purposes of calculating the Delivery Year Performance in future Delivery Years, the Delivery Year Actual Generation associated for the Delivery Year that failed to meet the Minimum Delivery Commitment shall be deemed to equal to the sum of the (a) Delivery Year Actual Generation and (b) the result obtained by multiplying the Shortfall CMC Quantity by five (5).

For such Event of Default (provided such Event of Default is not cured by Seller in accordance with the foregoing), Buyer shall be entitled to payment by Seller in the amount of the Collateral Requirement and any outstanding amounts that are due to Buyer related to the Delivery of CMCs or related to the value of any monetized Subsidy received by Seller. The Parties acknowledge that (A) Buyer shall be damaged by the failure of Seller to meet the Minimum Delivery Commitment, (B) it would be impracticable or extremely difficult to determine the actual damages resulting therefrom, (C) the remedies specified herein are fair and reasonable and do not constitute a penalty and (D) the remedies specified in this section shall be Buyer's sole and exclusive remedy in such Event of Default.

5. **Reporting Requirements**.

a. Seller shall, on a monthly basis, provide to Buyer and the IPA (i) hourly KWh generation data applicable to the pricing node ("Pnode") ID of the Facility and (ii) hourly day-ahead location marginal prices applicable to the Pnode ID of the Facility for each calendar month in the period from June 1, 2022 through May 31, 2027 within ten (10) Business Days of the end of each such month. This information provided shall be rounded to the sixth (6th) decimal place and shall be provided in Microsoft Excel format. The information provided will be considered final and will not be subject to reconciliation once it is verified for use for calculating the CMC Monthly Price by the IPA. For purposes of verification, Buyer and the IPA shall be granted read-only access of information for the Facility by Seller within PJM Power Meter system; such data shall be treated and maintained as confidential and proprietary by the IPA and Buyer.

b. Seller shall provide to Buyer and the IPA written notice within ten (10) Business Days of its application submission for a Subsidy detailing the nature and value of such monetized Subsidy.

c. In the event that federal legislation is enacted or PJM market rules change is effected to accommodate any Subsidy, Seller shall notify IPA and the Illinois Commerce Commission of any such

changes. Notwithstanding the foregoing, the Parties acknowledge that upon recognition of a credit or Subsidy or potential credit or Subsidy by the IPA through Seller or on its own, IPA will file notice of a credit or Subsidy with the Illinois Commerce Commission in Docket No. 21-0718, which may take the form of a compliance filing outlining the necessary changes to the CMC pricing calculation to include a line item representing the price adjustment in $/MWh or take the form of a petition to reopen the Carbon Mitigation Credit Procurement Plan approval proceeding in Docket No. 21-0718 to allow for the development of the record necessary for determining any CMC price change or payment adjustment. The Parties agree for future amendments to this CMC Contract to comply with any future Illinois Commerce Commission Order on Reopening related to the foregoing.

d. With respect to each Delivery Year from June 1, 2025 through May 31, 2026 and Delivery Year from June 1, 2026 through May 31, 2027, if the minimum offer price applicable to the Facility due to the Minimum Offer Price Rule by PJM exceeds the clearing price applicable to the ComEd zone of the PJM Base Residual Auction, then Seller must provide notice of this fact to the IPA and the Illinois Commerce Commission through a filing made in the proceeding approving the Carbon Mitigation Credit Procurement Plan in Docket No. 21-0718 and accompanied by a verified statement to this effect from an officer of Seller. For each such Delivery Year, Seller shall work constructively with the Illinois Commerce Commission in ensuring that the Illinois Commerce Commission has all information necessary for making a determination of whether the capacity price should indeed be zero in the CMC price formula set forth in Section 1-75(d-10)(3)(C)(iii)(II) of the IPA Act.

e. Unless specified otherwise, information required in this section shall be provided to the appropriate contact listed on the Notice Section of the Cover Sheet.

6. **Payment**.

a. The CMC Monthly Price of each CMC Delivered will be based on the Vintage of such CMC as recorded by the Tracking System.

b. The CMC Monthly Price may be either positive or negative. Payment shall be made from Buyer to Seller if the CMC Monthly Price is positive and payment shall be made from Seller to Buyer if the CMC Monthly Price is negative. In instances in which a Party disputes the CMC Monthly Price calculated by the IPA, the Party has from the time the IPA issues notice to Buyer and Seller until the end of that month to request review of the pricing calculations. Pricing disputes may only be raised for differences greater than positive/negative 5% of the CMC Monthly Price calculated by the IPA.

c. Payment shall be made only for CMCs of Vintages between June 1, 2022 and May 31, 2027 (inclusive) that have been Delivered by Seller to Buyer.

d. For each Delivery Month, Seller will render to Buyer an invoice for CMCs by electronic mail on or before the 20th day of the month immediately following each Delivery Month[1]. For avoidance of doubt, Seller shall invoice Buyer regardless of whether the CMC Monthly Price is positive or negative. Notwithstanding, and subject to the foregoing, Seller may request that Buyer issue an invoice to Seller if the CMC Monthly Price is negative for documentary purposes. All invoices under this CMC Contract shall be due and payable on the last Business Day of the month in which the invoice is rendered or the last Business Day of the following month if the invoice is rendered late and cannot be processed by the last Business Day of the month in which the invoice is rendered. If in a Delivery Month, CMCs that are Delivered are from

[1] For example, with respect to CMCs with a Vintage of June 2022, IPA shall issue the Payment Calculation Notice containing the CMC Monthly Price for such CMCs no later than July 25, 2022. CMCs with a Vintage of June 2022 are expected to be Delivered by the last Business Day of July 2022 via the irrevocable Standing Order and Seller shall issue its invoice to Buyer no later than August 20, 2022.

different Vintages, then Seller shall render to Buyer one invoice for each Vintage. Each invoice shall specify:

(i) the Delivery Month in which the CMC Deliveries were made;

(ii) the applicable CMC Monthly Price;

(iii) the Vintage of the CMCs Delivered;

(iv) the quantity of CMCs Delivered of the Vintage applicable to the CMC Monthly Price;

(v) the invoice amount to be paid for CMCs, which shall equal the multiplicative product of the CMC Monthly Price and the quantity of CMCs Delivered associated with the CMC Monthly Price; and

(vi) the Tracking System unit ID for the Facility.

e. If in a Delivery Year Seller has received the benefit of a Subsidy, Seller shall fully remit the value of such monetized Subsidy to Buyer within thirty (30) days following the end of such Delivery Year to the extent that the value of such monetized Subsidy is not reflected in any prior CMC Monthly Price. In such a case, Seller shall render an invoice to Buyer by electronic mail on or before the 20th day of the month immediately following such Delivery Year. Notwithstanding, and subject to the foregoing, Seller may request that Buyer issue an invoice to Seller for documentary purposes, which shall be based upon Seller's invoice. The invoice shall indicate:

(i) the Delivery Year in which the benefit of the Subsidy was received;

(ii) the value of the monetized Subsidy; and

(iii) detailed information related to the nature of the Subsidy and calculation of the invoice amount.

f. All invoices issued by Seller related to the monthly Delivery of CMCs or related to the Subsidy shall include a certification that Seller has made commercially reasonable efforts to apply for federal tax credits, credits issued pursuant to a federal clean energy standard, and other federal credits, direct payments, or similar subsidy programs that support carbon-free generation from any unit of government applicable to the Facility and for which it is eligible to apply for in relation to the Facility.

g. Failure to make commercially reasonable efforts to apply for a Subsidy is an Event of Default. If it is determined by the IPA that Seller has failed to make commercially reasonable efforts to apply for a Subsidy, then IPA shall provide written notice of such failure to Buyer and Seller and identifying the Subsidy in its notice, and the Buyer shall notify the Seller of the Event of Default within ten (10) Business Days of receipt of such notice from the IPA. Upon Buyer notifying Seller of the occurrence of such Event of Default , Seller shall have ten (10) Business Days to either demonstrate to the satisfaction of the IPA in its reasonable discretion that such Event of Default has not occurred, or to effect a cure by making commercially reasonable efforts to apply for the Subsidy identified by the IPA to the extent it remains possible to apply for such Subsidy and providing the IPA all information reasonably available in connection with Seller's efforts to apply for such Subsidy. For avoidance of doubt, if Seller cures such Event of Default in accordance with the foregoing, then the Event of Default shall cease to be an Event of Default upon the recognition by the IPA in its reasonable discretion of Seller's commercially reasonable efforts to apply for the Subsidy. If Seller fails to demonstrate that such Event of Default has not occurred or fails to cure the Event of Default within ten (10) Business Days of Seller's receipt of Buyer's notice, then Buyer shall terminate this CMC Contract. For such Event of Default (provided such Event of Default is not cured by Seller in accordance with the foregoing), Buyer shall be entitled to payment by Seller in the amount of the Collateral Requirement and any outstanding amounts that are due to Buyer related to the Delivery of CMCs

or related to the value of any monetized Subsidy received by Seller. The Parties acknowledge that (A) Buyer shall be damaged by the failure of Seller to make commercially reasonable efforts to apply for the Subsidy, (B) it would be impracticable or extremely difficult to determine the actual damages resulting therefrom, (C) the remedies specified herein are fair and reasonable and do not constitute a penalty and (D) the remedies specified in this section shall be Buyer's sole and exclusive remedy in such Event of Default.

h. With respect to all payments due hereunder, the Party owing payments shall make payments by electronic funds transfer, or by other mutually agreed methods, to the account designated in the Notices section of the Cover Sheet or other such account as may be updated by written notice from Seller or from Buyer.

i. Notwithstanding the provisions of 6(b) of this Cover Sheet, each Party may, in good faith, dispute the correctness of any invoice issued by the other Party under this Section 6 within three (3) months after receipt of such invoice. Any such dispute must be in writing and state the basis for the dispute, which must be made in good faith. Subject to Section 5.4 of the Master CMC Agreement, a Party may withhold payment of the disputed amount until two (2) Business Days following the resolution of the dispute, and any amounts not paid when originally due, and subsequently determined to be due and payable, shall bear interest at the Default Rate from the original due date of the invoice.

j. Any undisputed amounts not paid by the original due date of an invoice are delinquent and will accrue interest at the Default Rate. Inadvertent overpayments will be returned upon request or credited by the Party receiving such overpayment against amounts subsequently due from the other Party. Any dispute with respect to an invoice is waived unless the disputing Party notifies the other Party in accordance with this section within three (3) months after the invoice is rendered. This provision shall survive after the expiration of the term of this CMC Contract. If final resolution of the dispute is not completed within sixty (60) days after notification of the dispute, the Parties shall be entitled to pursue the remedies provided in Section 9.8 of the Master CMC Agreement.

k. Except as provided in Section 6(i) and (j) of the Cover Sheet, in no event will Buyer or Seller be liable whatsoever to the other Party for any payments of invoices issued after the expiration of the term of this CMC Contract.

l. The Parties acknowledge that Buyer is permitted to recover all costs incurred under or otherwise associated with this CMC Contract ("Buyer's Contract Costs") through tariff or tariffs filed with the Illinois Commerce Commission ("Cost Recovery Tariff"). Buyer's payment obligations under this CMC Contract shall be reduced dollar for dollar to the extent that Buyer is prohibited from recovering any portion of Buyer's Contract Costs. For the avoidance of doubt, in the event that Buyer is required to refund or otherwise credit to its customers amounts previously collected through its Cost Recovery Tariff in connection with the Buyer's Contract Costs (such refunded or credited amount, the "Refunded Amount"), Buyer shall be entitled to either (i) offset any future amounts due to Seller by an amount equal to the Refunded Amount or (ii) if no future amounts are due to Seller or if any such amounts are less than the Refunded Amount, invoice Seller for the Refunded Amount. Any amount invoiced to Seller under this section shall be due thirty (30) days from Seller's receipt of such invoice.

m. If at any point in time, Buyer is not permitted to or cannot recover Buyer's Contract Costs from its customers through its Cost Recovery Tariff for any reason whatsoever, then, notwithstanding anything to the contrary in the Agreement, the obligations of Buyer (including payment for CMCs) and the obligations of Seller shall be immediately suspended upon written notice from Buyer to Seller.

> (i) Buyer shall provide written notice to Seller at such time when Buyer is able to resume recovery of all of Buyer's Contract Costs through its Cost Recovery Tariff, whereupon the respective rights and obligations of Buyer and Seller under the CMC Contract shall resume as of the effective date indicated in such notice. No such suspension shall extend the Delivery Term or the term of this CMC Contract.

(ii) If a Suspension Period arising under this section continues for more than three hundred sixty-five (365) consecutive days, then Buyer shall terminate this CMC Contract upon written notice to the Seller and neither Party shall have any further liability to the other except for those liabilities arising prior to the date of such termination.

7. **Environmental Attributes and Verification.**

The Product is CMC. Seller acknowledges and agrees that any Environmental Attribute associated with or related to the Product, including without limitation any verified emissions reduction, (or the Product itself) will not be sold or otherwise made available to a third party but will be sold to Buyer pursuant to this CMC Contract. For the avoidance of doubt, any CMC Delivered hereunder must meet the definition of "Carbon Mitigation Credit" under the IPA Act.

8. **Facility Information.**

a. The Product is Facility specific; CMCs Delivered must be from the Facility specified in Table 1 and Seller represents that:

i. As of the Effective Date and as of the date of each Delivery hereunder, the Facility meets the definition of "Carbon-free Energy Resource" under Section 1-75(d-10) of the IPA Act.

ii. As of the Effective Date and as of the date of each Delivery hereunder, the operating license of the Facility issued by the Nuclear Regulatory Commission has not been terminated or suspended.

iii. As of the date of each Delivery hereunder, the Product has not and shall not be used by Seller or another party to comply with another portfolio or standard, including but not limited to, the renewable portfolio standard set forth in Section 1-75(c) of the IPA Act or the clean coal portfolio standard set forth in Section 1-75(d) of the IPA Act or the zero emission standard set forth in Section 1-75(d-5) of the IPA Act.

iv. As of the Effective Date, it does not have actual knowledge of or reasonably foresees any capital expenditures required for the Facility in excess of $40,000,000 that a prudent owner or operator of a similar facility would not undertake.

v. As of the Effective Date and as of the date of each Delivery hereunder, Seller has made commercially reasonable efforts to apply for all Subsidies.

vi. As of the Effective Date and throughout the term of this CMC Contract, Seller is committed to continue operating the Facility in such manner that the Delivery Year Performance of each Delivery Year is at least equal to the Minimum Delivery Commitment unless excused by Force Majeure, by an Event of Default of Buyer, Suspension Period or unless made impracticable as a result of compliance with law or regulation.

b. Non-compliance with any of the above provisions shall constitute an Event of Default. If Seller is determined by the IPA not to be in compliance with any of the provisions above, then upon the occurrence of such determination, the IPA shall provide written notice of such non-compliance to Buyer and Seller.

Buyer shall notify the Seller of the Event of Default within ten (10) Business Days of receipt of such notice from the IPA.

Upon notifying the Seller of the occurrence of such Event of Default related to items (i) through (iv) above, Buyer shall terminate this CMC Contract ten (10) Business Days after written notice by Buyer to Seller unless Seller demonstrates, within such ten (10) Business Day period and to the satisfaction of Buyer in its sole discretion, that such Event of Default has not occurred.

For non-compliance with any of the requirements specified in (i) through (iv) above, Buyer shall be entitled to payment by Seller in the amount of the Collateral Requirement and any outstanding amounts that are due to Buyer related to the Delivery of CMCs or Subsidy. The Parties acknowledge that (A) Buyer shall be damaged by the failure of Seller to comply with one or more of the above requirements, (B) it would be impracticable or extremely difficult to determine the actual damages resulting therefrom, (C) the remedies specified herein are fair and reasonable and do not constitute a penalty and (D) the remedies specified in this section shall be Buyer's sole and exclusive remedy in the event that Seller fails to comply with one or more of the above requirements.

For an Event of Default related to items (v), Section 6(g) of this Cover Sheet shall govern. For an Event of Default related to item (vi), Section 4 of this Cover Sheet shall govern.

9. **Applicable Program.** The Product is eligible for compliance with the Applicable Program. Seller warrants, as of the Effective Date and each date of Delivery, that the Product meets all the requirements of the Applicable Program for compliance. The Illinois Carbon Mitigation Credit Program, as established under 20 Ill. Comp. Stat. 3855/1-75(d-10), is the Applicable Program for this CMC Contract. All CMCs Delivered by Seller under this CMC Contract must allow Buyer to meet its obligations under the Applicable Program. The Product is Regulatorily Continuing.

10. **CMC Record Keeping**. Upon Delivery of the Product as provided hereunder, Seller will deliver such documentation as is required by the Certification Authority or the Applicable Program.

11. **Tracking System**.

a. The Parties will use PJM-EIS GATS as the tracking system for the Product. The Parties shall work together to establish an irrevocable Standing Order for the Facility for the automatic recurring transfer of CMCs to Buyer's account in PJM-EIS GATS.

b. The irrevocable Standing Order shall be for the automatic recurring transfer of all CMCs having a Vintage of June 1, 2022 through May 31, 2027 (inclusive).

c. Seller, as transferor of the CMCs, shall initiate the irrevocable Standing Order request within the PJM-EIS GATS by May 1, 2022. Buyer, as transferee, shall accept the properly submitted Irrevocable Standing Order request within the PJM-EIS GATS by June 1, 2022.

d. Seller shall Deliver the CMCs in an unretired state. Buyer shall retire CMCs Delivered from the Facility by the month after the receipt of such CMCs in Buyer's PJM-EIS GATS account. Buyer is not responsible for, and is under no obligation to return, any inadvertent transfer of Ineligible CMCs.

e. The Parties shall abide by the applicable rules of PJM-EIS GATS. Seller shall take all actions necessary to ensure creation of CMCs and CMC Delivery through the irrevocable Standing Order. Each Party shall bear the costs associated with performing its respective obligations in connection with such tracking system.

f. Buyer and Seller shall work together to remove the Standing Order within ten (10) Business Days after the last Delivery of CMCs for the Delivery Term has occurred. Buyer and Seller shall work together to suspend the irrevocable Standing Order within ten (10) Business Days of the effective date of any Suspension Period and to lift such suspension once the Suspension Period has ended.

g. Seller represents that the CMCs have been designated as "IL CMC Program eligible" or equivalent by the Tracking System, prior to transferring the CMCs to the Buyer's Tracking System account.

b. All references to "Renewable Energy Certificate" or "Renewable Energy Credit" shall be replaced with "Carbon Mitigation Credit; all references to "REC" shall be replaced with "CMC"; all references to "Renewable Energy Facility" shall be replaced with "Facility"; and all references to "Renewable Energy Source" shall be replaced with "Carbon-free Energy Resource" throughout the entire Master CMC Agreement. arising under this Agreement, and regardless of the currency, place of payment or booking office of the obligation). Y will give notice to X of any setoff effected hereunder. If any obligation is unascertained, Y may in good faith estimate that obligation and set-off in respect of the estimate, subject to the relevant Party accounting to the other when the obligation is ascertained. Nothing herein shall be deemed to create a charge or other security interest. This provision shall be without prejudice and in addition to any right of set-off, combination of accounts, lien or other right to which any party is at any time otherwise entitled (whether by operation of law, contract or otherwise)."

i. Article 6 is amended and restated to read in its entirety as follows:

If Buyer is the Claiming Party, then Seller will have until the end of the fifth (5th) Business Day following such receipt to notify Buyer that it objects to or disputes the existence of Force Majeure. If Seller is the Claiming Party, then the claim shall be subject to the confirmation by the IPA and the IPA shall have until the end of the tenth (10th) Business Day to confirm or dispute the existence of Force Majeure.

"Force Majeure" means an event or circumstance which materially adversely affects the ability of a Party to perform its obligations under this Agreement, which event or circumstance was not reasonably anticipated as of the date such Transaction was entered into and which is not within the reasonable control of, or the result of the negligence of, the Claiming Party, and which the Claiming Party is unable to overcome or avoid or cause to be avoided, by the exercise of due diligence. For the avoidance of doubt, Seller shall be excused from its performance under this Agreement for any cause beyond the control of Seller, including, but not restricted to, acts of God, flood, drought, earthquake, storm, fire, lightning, epidemic, war, riot, civil disturbance or disobedience, labor dispute, labor or material shortage, sabotage, acts of public enemy, explosions, orders, regulations or restrictions imposed by lawfully established civilian authorities, which, in any of the foregoing cases, by exercise of commercially reasonable efforts, Seller could not reasonably have been expected to avoid, and which, by the exercise of commercially reasonable efforts, Seller has been unable to overcome. The Parties acknowledge that unforeseen events directly related to the global pandemic caused by COVID-19 (including the virus designated SARS-CoV-2 or any mutations thereof), including shutdowns mandated by any Governmental Authority, border closures, and isolation/quarantine orders or requirements, including with respect to Seller's contractors, subcontractors or vendors, may constitute an event of Force Majeure, provided that any such event shall meet the requirements of this definition. With respect to the Transaction, if Seller represents that a Product complies with an Applicable Program, such representation is made and effective as of the Trade Date, and regardless of any Government Action occurring after the Trade Date, Seller must Deliver Product that complies with the Applicable Program as of each Delivery Date. Government Action that changes in any respect the value of a Product (without rendering the Product out of compliance with the Applicable Program if Regulatorily Continuing), will, subject to Section 6(l) and 6(m) of the Cover Sheet, have no effect on the obligation of the Parties to purchase and sell such Product at the price and on the terms set forth in the Cover Sheet. To the extent that a final and non-appealable Government Action renders Delivery illegal or unenforceable under Applicable Law or the Applicable Program is found to be illegal or unenforceable, this Agreement shall be promptly terminated, which shall be within twenty (20) Business Days of notice from either Party informing the other Party by written notice of such Government Action, and any unpaid CMCs Delivered shall be returned to Seller by Buyer, to the extent it is lawful to do so. Notwithstanding the foregoing, no Transaction will be affected, cancelled, or otherwise impaired by Government Action that is specific to a Party under Applicable Law taken by a Governmental Authority alleging that Party's violation thereof."

Any such election to terminate shall be made by written notice to Buyer, the IPA and the Illinois Commerce Commission, which notice shall refer to the provision of this Agreement under which such election is being made and provide all necessary details regarding the circumstances giving rise to the ability to make that election. This Agreement will bind each Party's successors and permitted assigns. Any attempted assignment in violation of this provision will be void *ab initio*."

Subsection (h) of Section 9.5 is amended by adding the following sentence to the end thereof:

> "Delivery of an executed counterpart of a signature page to this Agreement by facsimile or electronic means shall be effective as delivery of a manually executed counterpart of this Agreement. Electronic or fax copies of executed original copies of this Agreement shall be sufficient and admissible evidence of the content and existence of this Agreement to the same extent as the originally executed copy or copies (if executed in counterpart)."

All confidentiality obligations set forth herein shall survive following the expiration or termination of this Agreement, provided, however, that with respect to any confidential information that constitutes a "trade secret" under applicable law, these covenants shall apply for the life of the trade secret."

For Dispute Resolution, in Section 9.8 Waiver of Jury Trial is applicable and Binding Arbitration is applicable with the arbitration taking place in Chicago, Illinois. 4. Subject to the terms and conditions hereof, the obligations of the Guarantor under this Guaranty are absolute, irrevocable and unconditional and, shall not be released, discharged or otherwise affected by: (a) any extension, renewal, settlement, compromise, waiver, consent, discharge or release by the Seller concerning any provision of the Agreement governing any of the Guaranteed Obligations of the Seller; (b) the rendering of any judgment against the Seller or any action to enforce the same; (c) the existence, or extent of, any release, exchange, surrender, non-perfection or invalidity of any direct or indirect security for any of the Guaranteed Obligations; (d) any modification, amendment, waiver, extension of or supplement to the Agreement or the Guaranteed Obligations agreed to from time to time by the Seller and the Guaranteed Party; (e) any change in the corporate existence (including its constitution, laws, rules, regulations or powers), structure or ownership of the Seller or the

Guarantor, or any insolvency, bankruptcy, reorganization or other similar proceedings affecting the Seller, its assets or the Guarantor; (f) the existence of any claim, set-off or other rights which the Guarantor may have at any time against the Seller, the Guaranteed Party, whether in connection herewith or in connection with any unrelated transaction; provided that nothing herein shall prevent the assertion of any such claim by separate suit or compulsory counterclaim; and (g) the invalidity, irregularity or unenforceability in whole or in part of the Agreement or any Guaranteed Obligations or any instrument evidencing any Guaranteed Obligations or the absence of any action to enforce the same.

5. The Guarantor hereby irrevocably waives (a) any right of reimbursement or contribution, and (b) any right of salvage against the Seller or any collateral security or guaranty or right of offset held by the Guaranteed Party therefor until such time as all Guaranteed Obligations are paid in full.

6. The Guarantor will not exercise any rights, which it may acquire by way of subrogation until all Guaranteed Obligations to the Guaranteed Party pursuant to the Agreement have been paid in full.

7. Subject to the terms and conditions hereof, this Guaranty is a continuing Guaranty and all liabilities to which it applies or may apply under the terms hereof shall be conclusively presumed to have been created in reliance hereon. Except for a failure to comply with any applicable statute of limitations, no failure or delay on the part of the Guaranteed Party in exercising any right, power or privilege hereunder, and no course of dealing between the Guarantor and the Guaranteed Party, shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights, powers and remedies herein expressly provided are cumulative and not exclusive of any rights, powers or remedies, which the Guaranteed Party would otherwise have. No notice to or demand on the Guarantor in any case shall entitle the Guarantor to any other or further notice or demand in similar or other circumstances or constitute a waiver of the rights of the Guaranteed Party to any other or further action in any circumstances without notice or demand.

8. This Guaranty shall be binding upon the Guarantor and upon its successors and assigns and shall inure to the benefit of and be enforceable by the Guaranteed Party and its successors and assigns; provided, however, that the Guarantor may not assign or transfer any of its rights or obligations hereunder without the prior written consent of the Guaranteed Party, which consent shall not be unreasonably withheld or delayed; and provided further that the Guarantor may, without the prior written consent of the Guaranteed Party, assign all of its rights and obligations under this Guaranty to an entity that has succeeded to the Guarantor by merger or by purchase of all or substantially all of the assets of the Guarantor and, in either case, has expressly assumed in writing all of the obligations of the Guarantor under this Guaranty. The assignment rights of the Guaranteed Party will be in accordance with any applicable terms of the Agreement.

9. Other than as provided in this Guaranty, neither this Guaranty nor any provision hereof may be changed, waived, discharged or terminated except upon written agreement of the Guaranteed Party and the Guarantor.

10. The Guarantor's liability as guarantor shall continue and remain in full force and effect in the event that all or any part of any payment made hereunder or any obligation or liability guaranteed hereunder is recovered (as a fraudulent conveyance, preference or otherwise) rescinded or must otherwise be reinstated or returned due to bankruptcy or insolvency laws or otherwise. If claim is ever made upon the Guaranteed Party for repayment or recovery of any amount or amounts received from the Guarantor or the Seller in payment or on account of any of the Guaranteed Obligations and the Guaranteed Party repays all or part of such amount by reason of (a) any judgment, decree or order of any court or administrative body having jurisdiction over such payee or any of its property, or (b) any settlement or compromise of any such claim effected by such payee with any such claimant (including the Guarantor), then and in such event the Guarantor agrees that any such judgment, decree, order, settlement or compromise shall be binding upon it, notwithstanding any revocation hereof or the cancellation of the Agreement or other instrument evidencing any liability of the Guarantor, and the Guarantor shall be and remain liable to the Guaranteed Party hereunder for the amount so repaid or recovered to the same extent as if such amount had never originally been received by the Guaranteed Party.

11. Subject to Paragraph 10, this Guaranty shall remain in full force and effect until all Guaranteed Obligations have been fully and finally paid, at which point it will expire. The Guarantor may terminate this Guaranty upon thirty (30) days prior written notice to the Guaranteed Party which termination shall be effective only upon receipt by the Guaranteed Party of alternative means of security or credit support, as specified in the Agreement and in a form

reasonably acceptable to the Guaranteed Party. Upon the effectiveness of any such expiration or termination, the Guarantor shall have no further liability under this Guaranty, except with respect to the Guaranteed Obligations arising or created prior to the time the expiration or termination is effective, which Guaranteed Obligations shall remain guaranteed pursuant to the terms of this Guaranty until finally and fully paid.

12. All notices and other communications hereunder shall be made at the addresses by hand delivery, by next day delivery service effective upon receipt, or by certified mail return receipt requested (effective upon scheduled weekday delivery day) or electronic means (effective upon receipt of evidence that the electronic communication was received)

The Guarantor represents and warrants that: (a) it is duly organized and validly existing under the laws of the jurisdiction in which it was organized and has the power and authority to execute, deliver, and perform this Guaranty; (b) no authorization, approval, consent or order of, or registration or filing with, any court or other governmental body having jurisdiction over the Guarantor is required on the part of the Guarantor for the execution, delivery and performance of this Guaranty except for those already made or obtained; (c) this Guaranty constitutes a valid and legally binding agreement of the Guarantor, and is enforceable against the Guarantor, except as such enforceability may be limited by bankruptcy, insolvency, receivership and other similar laws affecting the rights of creditors generally, or by general principles of equity; and (d) the execution, delivery and performance of this Guaranty by the Guarantor have been and remain duly authorized by all necessary corporate or comparable action and do not contravene any provision of its ____________ [insert appropriate corporate organizational document, such as Declaration of Trust, Limited Liability Company Agreement, Articles of Incorporation and by-laws, Certificate of Incorporation or by-laws, constitutional documents] or any law, regulation or contractual restriction binding on it or its assets.

14. This Guaranty and the rights and obligations of the Seller and the Guarantor hereunder shall be construed in accordance with and governed by the laws of the State of Illinois (without regard to conflict of law principles that would require the application of the substantive law of any other jurisdiction). The Guarantor and Guaranteed Party jointly and severally agree and irrevocably submit to the exclusive jurisdiction of state and federal courts located in the State of Illinois over any disputes arising or relating to this Guaranty and waive and agree not to assert as a defense any objections to venue or inconvenient forum. The Guarantor and the Guaranteed Party consent to and grant any such court jurisdiction over the person of such party and over the subject matter of such dispute and agree that summons or other legal process in connection with any such action or proceeding shall be deemed properly and effectively served when sent by certified U.S. mail, return receipt requested, to the address of the other party set forth in Paragraph 12 hereof, or in such other manner as may be permitted by law. The Guarantor and the Guaranteed Party each hereby irrevocably waives any and all rights to trial by jury with respect to any legal proceeding arising out of or relating to this Guaranty.

15. This writing is the complete and exclusive statement of the terms of this Guaranty and supersedes all prior oral or written representations, understandings, and agreement(s) between the Guaranteed Party and the Guarantor with respect to subject matter hereof. The Guaranteed Party and the Guarantor agree that there are no conditions to the

full effectiveness of this Guaranty.

16. Every provision of this Guaranty is intended to be severable. If any term or provision hereof is declared to be illegal or invalid for any reason whatsoever by a court of competent jurisdiction, such illegality or invalidity shall not affect the balance of the terms and provisions hereof, which terms and provisions shall remain binding and enforceable.

17. Notwithstanding anything to the contrary contained herein or in the Agreement, but excepting any express remedy set for in the Agreement, the Guarantor shall in no event be required to pay or be liable to the Guaranteed Party for any consequential, indirect or punitive damages, opportunity costs or lost profits.

18. Nothing herein is intended to deny to the Guarantor, and it is expressly agreed that the Guarantor shall have and may assert, any and all of the defenses, set-offs, counterclaims and other rights which Seller is or may be entitled arising from or out of the Agreement or otherwise, except for defenses arising out of the bankruptcy, insolvency, dissolution or liquidation of Seller.

EXHIBIT A (Commonwealth Edison Company)
Schedule 1 – Foreign Guarantor Requirement

An entity that is proposing to serve as a Guarantor under a Guaranty, but that has not been formed or organized under the laws of a state of the United States or the District of Columbia, must meet the following additional requirements in order to be recognized as an acceptable Guarantor:

1. Such entity must deliver a legal opinion ("*Opinion*") of a law firm or a counsel, in either case who is not an employee of such entity or any of its affiliates or subsidiaries and who is authorized and qualified to practice law and render legal opinions in the foreign jurisdiction in which such entity is formed or organized. The Opinion shall meet the minimum content requirements specified below.

2. Such entity must deliver the sworn certificate of the corporate secretary (or similar or comparable officer) of such entity that the person executing the Guaranty on behalf of such entity has the authority to execute the Guaranty on behalf of such entity and that the governing board of such entity has approved the execution and delivery of the Guaranty.

3. Such entity must deliver the sworn certificate of the corporate secretary (or similar or comparable officer) of such entity that such entity has been authorized by its governing board to enter into agreements of the same type as the Guaranty.

4. Such entity must maintain an agent for acceptance of service of process in the United States. By executing and delivering the Guaranty, such entity agrees that service of any process in any claim or proceeding relating to the Guaranty may be made or served upon such entity by United States mail (postage prepaid).

5. The country in which such entity is domiciled must have a long-term sovereign (or equivalent) rating of AA+/Aa1 from at least two of the following rating agencies: S&P, Moody's or Fitch. Each rating agency's sovereign rating for the domicile country will be considered to be the lowest of: country ceiling, senior unsecured government debt, long-term foreign currency sovereign rating, long-term local currency sovereign rating, or other equivalent measure.

6. Such entity must pay for all expenses incurred by Party B related to reviewing and acceptance of the documents to be delivered with the Guaranty as provided in paragraphs 1 to 3 (inclusive) above; provided, however, that such payment shall not exceed $10,000.

Once the Opinion has been provided and accepted as sufficient by Party B, in lieu of repeating the above process, the proposed Guarantor may re-certify its status in a subsequent procurement event if there have been no changes that would have altered that Opinion. To re-certify, the proposed Guarantor must provide a current letter by its Corporate Secretary (or equal / higher Corporate Officer) that it certifies that there have been no changes in its status which would adversely affect the enforceability of the Guaranty, since the time that the original Opinion was rendered.

Party B shall have sole and absolute discretion, without liability or recourse to the proposed Guarantor or Party A, to evaluate the sufficiency of the documents submitted by such proposed Guarantor pursuant to the requirements of this Schedule 2B. The following minimum requirements are to be met by the Opinion mentioned in paragraph 1 above:

(a) The Opinion must be in English.

(b) The Opinion should contain a recitation of the documents that have been reviewed by such counsel as a basis for the opinions expressed. Such recitations should include statements that (i) counsel has reviewed the organizational documents for the entity in question and has reviewed the legal requirements and agreement(s) in question (i.e., the CMC Contract, the Guaranty, the Rules and associated Appendices, Exhibits and Schedules), (ii) counsel has considered any necessary corporate, regulatory or governmental authorizations or approvals that may be required as a condition to the entity entering into and performing the Guaranty and (iii) counsel has reviewed evidence provided by the entity, which evidence has been satisfactorily identified or certified to counsel, of such corporate, regulatory and governmental authorizations or approvals.

(c) Based upon the review described in the preceding paragraph (b), the Opinion should reach the legal conclusions that: (i) under the law of the jurisdiction where the entity is organized, the necessary steps have been taken to cause the Guaranty, when executed and delivered on behalf of the entity, to become a valid and enforceable obligation of that entity, (ii) the Guaranty, when executed and delivered on behalf of the entity, will be, to the extent that the law of the entity's jurisdiction of organization is applicable to the enforcement of the entity's obligations thereunder, a valid and enforceable obligation of that entity, enforceable against it in accordance with its terms, subject to any enumerated customary exceptions under the law of such jurisdiction, and (iii) under law of the jurisdiction where the entity is organized, the choice of [Illinois][New York] law to govern the Guaranty is valid and enforceable against such entity.

In rendering its opinions within the Opinion, counsel may state that it is not rendering any opinion with respect to the laws of the state of [Illinois][New York], which govern the Guaranty.

The following text provides an illustration of how the requirements in paragraphs (a) through (c) (inclusive) above might be presented in an opinion of counsel:

[Description of transaction background/reason for delivering opinion]

We are familiar with the proceedings taken by [entity] in connection with the Guaranty and the transactions contemplated thereby. In connection with the opinions hereinafter expressed, we have reviewed originals, or copies of originals certified to our satisfaction, of (i) [describe the organizational or governing documents of the entity], (ii) a certificate of the [corporate secretary (or similar or comparable officer)] of [entity] that the person executing the Guaranty on behalf of [entity] has the authority to execute and deliver the Guaranty and that the governing board of [entity] has approved the execution and delivery of the Guaranty, (iii) a certificate of the [corporate secretary (or similar or comparable officer)] of [entity] that [entity] has been authorized by its governing board to enter into agreements of the same type as the Guaranty, (iv) the Guaranty, (v) the CMC Contract, and (vi) [describe any other relevant documents]. We have considered the governmental or regulatory approvals that may be applicable to the execution, delivery and performance of the Guaranty by [entity]. We have also examined such questions of law and have satisfied ourselves as to such matters of fact as we have considered relevant and necessary as a basis for the opinions hereinafter expressed.

Based upon the foregoing, and subject to the assumptions, limitations and qualifications hereinafter stated, it is our opinion that:

1. Under the law of [jurisdiction of organization or formation], [entity] has taken all necessary action to cause the Guaranty, when executed and delivered on behalf of [entity], to become a valid and binding obligation of [entity]

2. The Guaranty, when executed and delivered on behalf of [entity], will be, to the extent that the law of [jurisdiction of organization or formation] is applicable to the enforcement of [entity's] obligations thereunder, the valid and binding obligation of [entity], enforceable against [entity] in accordance with its terms, except as such enforceability may be affected by [describe any exceptions].

3. The choice of the parties to the Guaranty to have the laws of the state of [Illinois][New York] govern the enforceability of the parties' obligations under the Guaranty is valid and enforceable against [entity] under the laws of [jurisdiction of organization or formation].

Any amounts not paid by the due date are delinquent and will accrue interest at the prime rate of interest until an Event of Default has been declared, in which case such amounts will bear interest at the prime lending rate of interest plus three percent per annum. A Party may, in good faith, dispute the correctness of any invoice within one year. If an invoice or portion thereof is disputed, the undisputed portion of the invoice must be paid when due, with notice of the objection given to the other Party. Any invoice dispute must be in writing and state the basis for the dispute, which must be in good faith. Subject to Section 5.4, a Party may withhold payment of the disputed amount until two Business Days following the resolution of the dispute, and any amounts not paid when originally due will bear interest at the prime lending rate of interest from the due date as originally invoiced. Inadvertent overpayments will be returned upon request or deducted by the Party receiving such overpayment from subsequent payments, with interest at the prime lending rate of interest from and including the date of such overpayment. Any dispute with respect to an invoice is waived unless the other Party is notified in accordance with this Section within one year after the invoice is rendered. The Parties will discharge mutual debts and payment obligations due and owing to each other pursuant to all Transactions through netting, in which case all amounts owed by each Party to the other Party for the purchase and sale of Products, including any related damages calculated, interest, and payments or credits, will be netted so that only the excess amount remaining due shall be paid by the Party who owes it.

2.3 Confirmation. Seller may confirm an oral Transaction by providing Buyer a Product Order within three Business Days after the Trade Date. In such event, Buyer will notify Seller in writing within two Business Days of Buyer's receipt if Buyer objects to any term of the Product Order, failing which Buyer will be deemed to have accepted the terms as sent. If Seller does not send a Product Order within three Business Days after the Trade Date, Buyer may send Seller a Product Order, and in such case Seller will notify Buyer in writing within two Business Days of Seller's receipt if Seller objects to any term of the Product Order, failing which Seller will be deemed to have accepted the terms as sent. If Seller and Buyer each send a Product Order and neither Party objects to the other Party's Product Order within two Business Days of receipt, Seller's Product Order will be deemed accepted and the controlling Product Order, unless Seller's Product Order was sent more than three Business Days after the Trade Date and Buyer's Product Order was sent prior to Seller's Product Order, in which case Buyer's Product Order will be deemed accepted and the controlling Product Order. Failure by either Party to send or return an executed Product Order, or any objection by either Party, will not invalidate the Transaction agreed to by the Parties.

2.4 Taxes and Fees. Seller will be responsible for any Taxes imposed on the creation, ownership, or transfer of Product under this Agreement up to and including the time and place of its Delivery. Buyer will be responsible for any Taxes imposed on the receipt or ownership of Product at or after the time and place of its Delivery. Each Party will be responsible for the payment of any fees, including brokers fees, incurred by it in connection with any Transactions hereunder.

2.5 Transfer of Title. None of Seller's property interest in the Product will pass to Buyer until the Delivery and payment set forth above are complete. Upon such completion, all rights, title and interest in and to the Product, to the full extent the same is property, will transfer to Buyer. To the extent that any Transaction is for Product not yet generated at the time of the Transaction, Seller agrees to make and Buyer agrees to accept actual Delivery of the Product, unless sooner netted out pursuant to opposite purchases and sales between the Parties.

2.6 Effect of Transfer of Environmental Attributes. By transferring a Product in a Transaction, Seller transfers any and all, and the exclusive, right to use that Product in any Applicable Program, whether or not the Product Order specifies that the Product is eligible for a particular Applicable Program, and whether or not the particular Product or any Environmental Attribute therein constitutes property, as well as any and all Product Reporting Rights. Transfer of an Environmental Attribute does not transfer eligibility for production tax credits or other direct third-party subsidies for generation of electricity by any specified Renewable Energy Facility. Delivery of a Product grants the Buyer the right, exclusive to the full extent applicable, to verify, certify, and otherwise take advantage of the rights, claims and ownership in the Product.

2.7 Verifying and Certifying. The type and amount of any Environmental Attribute transferred and Delivered will be measured, calculated, Verified and Certified as agreed by the Parties or as required pursuant to the Applicable Program. Unless otherwise specified in a Product Order or the written rules of the Applicable Program specified by the Parties, Seller will ensure that the Certification Authority, Verification Provider and Verification Methodologies are selected in compliance with this Agreement and the rules of the Applicable Program. A Verification Provider and Verification Methodology may be designated before or after Delivery, but unless required pursuant to the terms of the Applicable Program specified by the Parties, Verification is optional and need not be specified; and unless otherwise specified or required to comply with a representation for a Product sold as Regulatorily Continuing, expenses of Verification are the responsibility of the Seller if Verification is designated on or before the Trade Date, and the responsibility of Buyer if designated thereafter. Unless otherwise specified in the Product Order or the rules of the Applicable Program, the costs of the Verification Authority and Certification Authority are Seller's responsibility.

2.8 Secondary Markets; Exclusion of Warranties. Unless otherwise specified in a Product Order, neither Seller nor Buyer will have any liability to the other for any act, omission, misrepresentation, or breach (other than act or omission due to the failure to have fees, charges or expenses paid by the responsible Party) by a Certification Authority or Verification Provider, nor, unless otherwise specified, does Seller or Buyer warrant or represent that any particular Verification Methodology is the optimum way to calculate generation, emissions, avoidances, or other matters calculated or estimated pursuant thereto. Except with respect to a Product represented as Regulatorily Continuing, to the extent a Product is evidenced or Delivered with a Transfer Certificate, Disclosure Document or other documents executed by or setting forth the findings of third parties, the sole representations of Seller with respect thereto will be that (i) Seller has no actual knowledge that any statement therein is false or intentionally misleading, and (ii) the documents provided by it are true and correct copies of the documentation it has. All representations and warranties made by a Seller to a Buyer with respect to the Environmental Attributes, Renewable Energy Facility, Renewable Energy Source, energy delivery location, or Vintage of a Product are transferable by the Buyer. However, as different Applicable Programs have differing compliance requirements, any representation that a Product is Regulatorily Continuing applies solely to Product Delivery of the Seller to the Buyer and only up to the Delivery Date, and the benefit of such representation is not assignable by Buyer, except as consented to be Seller in writing. Any other representation of compliance with an Applicable Program applies only up to the Trade Date. A Product Order may provide by its terms that the Renewable Energy Facility will be designated by the Seller after the Trade Date and on or before the Delivery Date, so long as once having been specified,

the Delivery complies with the requirements of the Applicable Program, in the manner represented by Seller.

2.9 Scope of Agreement. Any transaction for the purchase and sale of Product which has been or will be entered into between the Parties constitutes a "Transaction" which is subject to, governed by, and construed in accordance with, the terms hereof.

ARTICLE 3: REPRESENTATIONS AND WARRANTIES

3.1 Mutual Representations and Warranties. On the Effective Date and on each Trade Date, each Party represents and warrants to the other that:

(a) it is duly organized and validly existing under the laws of the jurisdiction of its incorporation or organization;

(b) it has the power and authority to enter into this Agreement and to perform its obligations hereunder;

(c) its execution and performance do not violate or conflict with Applicable Law, any provision of its constituent documents, or any contract binding on or affecting it or any of its assets or any order or judgment of any Governmental Authority applicable to it or its assets;

(d) all governmental and other authorizations, approvals, consents, notices and filings that are required to have been obtained or submitted by it with respect to entering into and performing this Agreement have been obtained or submitted and are in full force and effect and all conditions thereof have been complied with;

(e) its obligations hereunder are legal, valid and binding, enforceable in accordance with their respective terms, subject to applicable bankruptcy or similar laws affecting creditors' rights generally and subject, as to enforceability, to equitable principles of general application regardless of whether enforcement is sought in a proceeding in equity or at law;

(f) no Event of Default, or Potential Event of Default, has occurred and is continuing, and none will occur as a result of its entering into or performing this Agreement or any Transaction;

(g) it is not relying upon any representations of the other Party other than those expressly set forth herein, and it is acting for its own account, and not as agent or in any other capacity, fiduciary or otherwise;

(h) it has entered hereinto with a full understanding of the material terms and risks of the same, and it is capable of assuming those risks;

(i) it is not relying on any communication (written or oral) of the other Party as investment advice or as a recommendation to enter into a transaction, and understands that information and explanations related to the terms and conditions of any Transaction will not be considered investment advice or a recommendation to enter into that Transaction;

(j) it has made its own independent trading and investment decisions to enter into each transaction and as to whether such transaction is appropriate or proper for it based upon its own judgment and any advice from such advisors as it has deemed necessary and not in reliance upon any view expressed by the other Party;

(k) it has not received from the other Party any assurance, guarantee or promise as to the expected or projected success, profitability, return, performance, result, effect, consequence or benefit (either economic, legal, regulatory, tax, financial, accounting or otherwise) hereunder;

(l) there is no pending or to its knowledge threatened litigation, arbitration or administrative

proceeding before any Governmental Authority or any arbitrator that is likely to materially adversely affect the ability of either Party to perform its obligations hereunder;

(m) it is a "forward contract merchant" within the meaning of United States Bankruptcy Code §101(26), and this Agreement and all Transactions hereunder constitute "forward contracts" within the meaning of United States Bankruptcy Code §101(26).

(n) it is an "eligible commercial entity", and an "eligible contract participant" within the meaning of United States Commodity Exchange Act §§1a(11) and 1a(12), respectively, and all Transactions hereunder have been subject to individual negotiation by the Parties.

(o) all applicable information, documents or statements that have been furnished in writing by or on behalf of it to the other Party in connection with this Agreement are true, accurate and complete in every material respect and do not omit a material fact that would otherwise make the information, document or statement misleading;

3.2 Warranties of Seller. With respect to each Transaction, Seller represents and warrants to Buyer on the Trade Date for each Product that such Product complies with any Applicable Program for which the Product is specified as so complying in the Product Order, and on the Delivery Date for each Product that: (i) Seller has good and marketable title to such Product; (ii) Seller has not sold the Product or any Environmental Attribute of the Product to be transferred to Buyer to any other person or entity; (iii) all right, title and interest in and to such Product are free and clear of any liens, taxes, claims, security interests or other encumbrances except for any right or interest by any entity claiming through Buyer; (iv) each Environmental Attribute and REC meets the specifications set forth in the Product Order; (v) the Product is separate from the electric energy generated by the Renewable Energy Facility, unless otherwise specified by the Parties; (vi) only if specified in the Product Order as Regulatorily Continuing, that such Product complies with any Applicable Program for which the Product is specified as so complying and being Regulatorily Continuing through and up to the Delivery Date, (vii) unless separately disclosed to Buyer, with respect to Seller, the Product is not transferred, and has not been transferred pursuant to a contract filed or required to be filed with or approved by any Governmental Authority having jurisdiction over the sale of electric energy; and (viii) subject to Section 2.8 and unless otherwise specified to the contrary on the Product Order, Seller has disclosed to Buyer any and all Transfer Certificates, Attestations, Disclosure Documents, all other relevant documentation received by it in connection with its acquisition of the Product sold to Buyer hereunder, and any use by any Environmental Attribute of the Product by Seller or any other person or entity to comply with any Applicable Program. Seller makes no claims respecting Verification that are not set forth in the Product Order.

3.3 LIMITATION OF WARRANTIES. ALL OTHER REPRESENTATIONS OR WARRANTIES, WRITTEN OR ORAL, EXPRESS OR IMPLIED, INCLUDING ANY REPRESENTATION OR WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR ANY PARTICULAR PURPOSE OR WITH RESPECT TO CONFORMITY WITH ANY MODEL OR SAMPLES, ARE DISCLAIMED. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, EXCEPT WITH RESPECT TO A PRODUCT STATED TO BE REGULATORILY CONTINUING, AND IN THAT CASE ONLY TO THE EXTENT SET FORTH HEREIN OR IN A PRODUCT ORDER, NEITHER PARTY MAKES ANY REPRESENTATION OR WARRANTY HEREUNDER WITH RESPECT TO ANY FUTURE ACTION OR FAILURE TO ACT OR APPROVAL OR FAILURE TO APPROVE BY ANY GOVERNMENTAL AUTHORITY OR ADMINISTRATOR.

3.4 Indemnity. Each Party will indemnify, defend and hold harmless the other Party from and against any claims or demands made by others arising from or out of any event, circumstance, act or incident first occurring or existing during the period when control and title to Product is vested in such Party as provided herein, except to the extent arising from such Party's own gross negligence or willful misconduct. Each Party will indemnify, defend and hold harmless the other Party against any Taxes for which such Party is responsible under Section 2.4.

3.5 Cooperation on Delivery; Review of Records. Upon either Party's receipt of notice from an Administrator that the transfer of RECs pursuant to a Transaction will not be recognized or Product Delivery was not made as required pursuant to the terms of a Transaction, that Party will immediately so notify the other Party, providing a copy of such notice, and both Parties will cooperate in taking such action as are necessary and commercially reasonable to cause such transfer to be recognized and Product Delivered. Each Party agrees to provide copies of its records to the extent reasonably necessary for the Verification Provider or Certification Authority to perform the functions designated on the Product Order, and to verify the accuracy of any fact, statement, charge or computation made pursuant hereto if requested by the other Party. If any fact, statement, charge or computation contained any inaccuracy, the necessary adjustments and any resulting payments will be made promptly and the payments will bear interest at the prime lending rate of interest from the date the overpayment or underpayment was made until paid. If Seller is not the owner or operator of the Renewable Energy Facility that generated all of the Product in a Transaction, Seller will cooperate with Buyer in any efforts to review the records of the original Seller of such Product. If Seller is the owner or operator of the Renewable Energy Facility that generated any portion of the Product in a Transaction, it consents to the Buyer's assignment of rights under this Section to any subsequent purchaser of such Product. The obligations set forth in this Section terminate with respect to any particular Transaction on the later of thirty days following the last banking date under the Applicable Program for the Vintage of the Product Delivered, or the third anniversary of the Delivery Date.

3.6 Survival. Articles 1, 2, 3, 5, 8 and 9 survive expiration or termination hereof.

ARTICLE 4: CREDIT AND COLLATERAL REQUIREMENTS

The applicable credit and collateral requirements are specified on the Cover Sheet.

4.1 Financial Information. If indicated as Applicable on the Cover Sheet, if requested by a Party, the other Party will deliver (i) within 120 days following the end of each fiscal year, a copy of such Party's, or if applicable, the entity's specified on the Cover Sheet, annual report containing audited consolidated financial statements for such fiscal year, (ii) within 60 days after the end of each of its first three fiscal quarters of each fiscal year, a copy of the Party's, or, if applicable, the entity's specified on the Cover Sheet, quarterly report containing unaudited consolidated financial statements for such fiscal quarter, and (iii) such other information as specified in the Cover Sheet. In all cases the statements will be for the most recent accounting period and prepared in accordance with generally accepted accounting principles in the jurisdiction in which the reporting entity is organized; provided, however, that should any such statements not be available on a timely basis due to a delay in preparation or certification, such delay will not be an Event of Default so long as the relevant entity diligently pursues the preparation, certification and delivery of the statements. Timely filing of Form 10-K, Form 10-Q or Form 8-K with the Securities and Exchange Commission satisfies the requirements of this Section.

4.2 Credit Assurances. If stated to be applicable on the Cover Sheet for a Party, if the other Party has commercially reasonable grounds to believe that Party's creditworthiness or performance hereunder has become unsatisfactory, upon written notice requesting Performance Assurance in an amount determined by the other Party in a commercially reasonable manner, that Party will have three Business Days to provide such Performance Assurance. Failure to provide such Performance Assurance, or a guaranty or other credit assurance acceptable to the requesting Party within three Business Days of receipt of notice is an Event of Default.

4.3 Collateral Threshold. If the Parties have in place between them an Edison Electric Institute Master Power Purchase and Sale Agreement, and have selected Collateral Threshold Applicable under EEI on the Cover Sheet, then, notwithstanding whether an Event of Default has occurred, the Termination Payment that would be owed to by a Party hereunder will be included in the calculation of each Party's Termination Payment under (and as defined in) such agreement, and an event of default under such agreement will be an Event of Default hereunder and an Event of Default hereunder will be an event of default under such agreement. If the Parties have in place between them an ISDA Master Agreement with Credit Support Annex, and have selected Collateral Threshold Applicable under ISDA on the Cover Sheet, then,

notwithstanding whether an Event of Default has occurred, the Termination Payment that would be owed to by a Party hereunder will be included in the calculation of each Party's Exposure under (and as defined in) such agreement, and an event of default under such agreement will be an Event of Default hereunder and an Event of Default hereunder will be an event of default under such agreement. If the Parties have elected either of the two foregoing options but at any time do not have in effect between them the referenced other agreements, or such referenced agreements do not provide for the exchange of margin or collateral thresholds, or if the Parties have selected Collateral Threshold Applicable Standalone on the Cover Sheet, if at any time and from time to time, notwithstanding whether an Event of Default has occurred, the Termination Payment that would be owed to by a Party plus that Party's Independent Amount, if any, exceeds the Collateral Threshold specified, then the Party to whom such amount would be owed, on any Business Day, may request that owing Party to provide Performance Assurance in an amount equal to the amount of such excess, less any Performance Assurance already posted. Such Performance Assurance will be provided within three Business Days of the date of request. On any Business Day, but no more frequently than weekly with respect to letters of credit and daily with respect to cash, if there has been a reduction in the amount of such excess, the posting Party may request that such Performance Assurance be reduced correspondingly by the amount of such excess, if any. Failure to provide such Performance Assurance to the requesting Party within three Business Days of request is an Event of Default. For purposes of this Section, the Termination Payment will be calculated pursuant to Article 5 by the requesting Party as if the posting Party had defaulted and all outstanding Transactions had been liquidated, even if that is not actually the case, and in addition thereto, and include the net amount of all amounts owed but not yet paid between the Parties, whether or not such amounts are due, for performance already provided pursuant to any and all Transactions. A Party holding Performance Assurance in the form of cash posted by the other Party will pay the posting Party interest on such cash, monthly, at the Federal Funds rate of interest.

4.4 Downgrade Event. If Downgrade Event is indicated as Applicable on the Cover Sheet, if at any time there occurs a Downgrade Event in respect of a Party, then the other Party may require Performance Assurance in an amount determined by that Party in a commercially reasonable manner. Failure to provide such Performance Assurance to the requesting Party within three Business Days of request is an Event of Default.

4.5 Guarantee. If specified on the Cover Sheet, the Parties will provide, prior to or concurrently with the execution and delivery hereof, a guarantee in an amount not less than the Guarantee Amount specified on the Cover Sheet, in a form reasonably acceptable to the beneficiary Party.

ARTICLE 5: EVENTS OF DEFAULT; REMEDIES

5.1 Events of Default. An "Event of Default" means, with respect to a Party (a "Defaulting Party"), the occurrence of any of the following:

(a) the failure to make, when due, any payment required pursuant hereto if such failure is not remedied within three Business Days after written notice;

(b) failure to Deliver or receive Product when due pursuant to a Transaction, provided that if the Potentially Defaulting Party pays a Settlement Amount to the Potentially Non-Defaulting Party for such Transaction (or the missing components thereof or performance hereunder if partial performance has been rendered) as if a Terminated Transaction as of the Delivery Date within three Business Days after the Potentially Non-Defaulting Party's notice to the Potentially Defaulting Party of the amount thereof, it will not be an Event of Default, unless five such failures have occurred in a consecutive rolling ninety day period.

(c) any representation or warranty made by such Party herein is false or misleading in any material respect when made or when made or repeated;

(d) such Party becomes Bankrupt;

(e) the failure of such Party to satisfy the creditworthiness and collateral requirements agreed to

pursuant to Article 4 as specified on the Cover Sheet;

(f) a Party's failure to perform any other material covenant or obligation set forth herein if such failure is not remedied within 20 Business Days after written notice;

(g) if cross default is indicated for such Party on the Cover Sheet, the occurrence and continuation of (i) a default, event of default or other similar condition or event in respect of such Party or any other Party specified in the Cover Sheet for such Party under one or more agreements or instruments, individually or collectively, relating to indebtedness for borrowed money in an aggregate amount of not less than the applicable Cross Default Amount specified on the Cover Sheet, which results in such indebtedness becoming, or becoming capable at such time of being declared, immediately due and payable or (ii) a default by such Party or other Party specified in the Cover Sheet for such Party in making on the due date therefor one or more payments, individually or collectively, in an aggregate amount of not less than the applicable Cross Default Amount specified on the Cover Sheet;

(h) with respect to such Party's Guarantor, if any:

(i) if any representation or warranty made by a Guarantor in connection with this Agreement is false or misleading in any material respect when made or when deemed made or repeated;

(ii) the failure of a Guarantor to make any payment required or to perform any other material covenant or obligation in any guaranty made in connection with this Agreement and such failure is not remedied within three Business Days after written notice;

(iii) a Guarantor becomes Bankrupt;

(iv) the failure of a Guarantor's guaranty to be in full force and effect for purposes hereof (other than in accordance with its terms) prior to the satisfaction of all obligations of such Party under each Transaction to which such guaranty relates without the written consent of the other Party; or

(v) a Guarantor repudiates, disaffirms, disclaims, or rejects or challenges, in whole or in part, the validity of any guaranty.

5.2 Declaration of Early Termination Date and Calculation of Settlement Amounts. If an Event of Default with respect to a Defaulting Party occurs and is continuing, the other Party (the "Non- Defaulting Party") will have the right (i) to designate a day, no earlier than the day such notice is effective and no later than 20 days after such notice is effective, as an early termination date ("Early Termination Date") to accelerate all amounts owing between the Parties and to liquidate and terminate all, but not less than all, Transactions (each referred to as a "Terminated Transaction") between the Parties, (ii) withhold any payments due to the Defaulting Party under this Agreement and (iii) suspend performance. The Non- Defaulting Party will calculate, in a commercially reasonable manner, a Settlement Amount for each such Terminated Transaction as of the Early Termination Date (or, to the extent that in the reasonable opinion of the Non-Defaulting Party certain of such Terminated Transactions are commercially impracticable to liquidate and terminate or may not be liquidated and terminated under applicable law on the Early Termination Date, as soon thereafter as is reasonably practicable).

5.3 Net Out of Settlement Amounts. The Non-Defaulting Party will aggregate all Settlement Amounts into a single amount by netting out (a) all amounts that are due to the Defaulting Party for Product that has been Delivered and not yet paid for, plus, at the option of the Non-Defaulting Party, any cash, security or other Performance Assurance then available to the Non-Defaulting Party, plus any or all other amounts due to the Defaulting Party under this Agreement against (b) all Settlement Amounts that are due to the Non-Defaulting Party, plus any or all other amounts due to the Non-Defaulting Party under this Agreement, so that all such amounts will be netted out to a single liquidated amount (the "Termination Payment") payable by the Defaulting Party. The Termination Payment, if any, is due from the Defaulting Party to the Non-Defaulting Party within two Business Days following notice.

5.4 Calculation Disputes. If the Defaulting Party disputes the Non-Defaulting Party's calculation of the Settlement Amount or Termination Payment, in whole or in part, the Defaulting Party will, within two Business Days of receipt of Non-Defaulting Party's calculation, provide to the Non- Defaulting Party a detailed written explanation of the basis for such dispute; provided, however, that the Defaulting Party must first transfer Performance Assurance to the Non-Defaulting Party in an amount equal to the full Settlement Amount or Termination Payment, as applicable. References to Defaulting Party and Non-Defaulting Party in this Section include the Potentially Defaulting Party and Potentially Non-Defaulting Party, as applicable.

5.5 Suspension of Performance. Notwithstanding any other provision hereof, if an Event of Default or a Potential Event of Default has occurred and is continuing, the Non-Defaulting Party, upon written notice to the Defaulting Party, has the right (i) to suspend performance under any or all Transactions and (ii) to the extent an Event of Default has occurred and is continuing, to exercise any remedy available at law or in equity, except as limited be Section 5.7.

5.6 Not a Penalty. The Parties intend that no part of this Article Five or any amount due thereunder represents a penalty to the Defaulting Party or Potentially Defaulting Party.

5.7 Limitation of Liability. IN NO EVENT WILL EITHER PARTY BE LIABLE TO THE OTHER FOR PUNITIVE, EXEMPLARY, OR INDIRECT DAMAGES, LOST PROFIT OR BUSINESS INTERRUPTION DAMAGES, BY STATUTE, IN TORT, CONTRACT OR OTHERWISE, AND, EXCEPT FOR FAILURE TO DELIVER PRODUCTS PROMISED AS REGULATORY CONTINUING AS SPECIFICALLY SET FORTH HEREIN, NO PARTY WILL BE REQUIRED TO PAY OR BE LIABLE FOR CONSEQUENTIAL DAMAGES.

ARTICLE 6: FORCE MAJEURE

If either Party is rendered unable, wholly or in part, by Force Majeure to carry out its obligations with respect to this Agreement, that upon such Party's (the "Claiming Party") giving notice and full particulars of such Force Majeure as soon as reasonably possible after the occurrence of the cause relied upon, confirmed in writing, the obligations of the Claiming Party will, to the extent they are affected by such Force Majeure, be suspended during the continuance of said inability, but for no longer period, and the Claiming Party will not be in breach hereof or liable to the other Party for, or on account of, any loss, damage, injury or expense resulting from, or arising out of such event of Force Majeure. The Party receiving such notice of Force Majeure will have until the end of the Business Day following such receipt to notify the Claiming Party that it objects to or disputes the existence of Force Majeure. "Force Majeure" means an event or circumstance which materially adversely affects the ability of a Party to perform its obligations under one or more Transactions, which event or circumstance was not reasonably anticipated as of the date such Transaction was entered into and which is not within the reasonable control of, or the result of the negligence of, the Claiming Party, and which the Claiming Party is unable to overcome or avoid or cause to be avoided, by the exercise of due diligence. With respect to Unit Specific RECs, Force Majeure includes events or circumstances described in the previous sentence that disrupt the operation of the specified Renewable Energy Facility. Force Majeure may not be based on (i) the loss or failure of Buyer's markets; (ii) Buyer's inability economically to use or resell the Product purchased hereunder; or (iii) Seller's ability to sell the Product to another at a price greater than the Purchase Price. Force Majeure may include a change in Applicable Law, except for Regulatorily Continuing Transactions, or the failure or disruption in Deliveries of any Certification Authority that is not the Claiming Party. In the case of a Party's obligation to make payments hereunder, Force Majeure will be only an event or act of a Governmental Authority that on any day disables the banking system through which a Party makes such payments.

ARTICLE 7: GOVERNMENT ACTION

The Parties acknowledge that the Applicable Programs, which among other things establish the conditions for a market for certain Products, may be the subject of Government Action (including court challenge) that could adversely affect the eligibility of a Product to meet the requirements of an Applicable

Program or otherwise alter the requirements of the Applicable Program, or make a Product unavailable or dramatically diminished or increased in value. With respect to any Transaction, absent a representation by Seller that the Product complies with the requirements of a particular Applicable Program, Buyer bears the risk that the Product is or will be in compliance with any Applicable Program. With respect to any Transaction, if Seller represents that a Product complies with an Applicable Program, such representation is made and effective as of the Trade Date, and Seller will not be in breach of such representation on account of any Government Action occurring after the Trade Date, unless the Product is Regulatorily Continuing, in which case Seller must Deliver Product that complies with the Applicable Program as of the Delivery Date. Unless otherwise specifically specified in a particular Product Order, Government Action that changes in any respect the value of a Product (without rendering the Product out of compliance with the Applicable Program if Regulatorily Continuing), including a Cancellation of Applicable Program, will have no effect on the obligation of the Parties to purchase and sell such Product at the price and on the terms set forth in the Product Order. To the extent that Government Action renders Delivery illegal under Applicable Law, such Transaction will be terminated and that portion of whatever has been paid for Products not yet Delivered will be refunded by Seller, to the extent it is lawful to do so. Notwithstanding the foregoing, no Transaction will be affected, cancelled, or otherwise impaired by Government Action that is specific to a Party under Applicable Law taken by a Governmental Authority alleging that Party's violation thereof.

ARTICLE 8: GOVERNING LAW; STATUTE OF FRAUDS

This Agreement is governed by and construed in accordance with the laws of the State as set forth on the Cover Sheet; provided that the internal laws of the state establishing a Product stated to be in compliance with an Applicable Program governed by the laws of that state will govern with respect to such compliance. If this Agreement is said to be governed by New York law or California law, the Parties agree that this Agreement is a "qualified financial contract" within the meaning of New York General Obligations Law §5-701(b) or California Civil Code §1624(b)(2), respectively. The Parties acknowledge that if this Agreement is stated to be governed by the laws of a jurisdiction other than New York or California, that such other jurisdiction may not provide exemptions from the Statute of Frauds similar to those provided under the laws of New York and California, and that therefore in order for such Transaction to be enforceable, the Parties may need to put Transactions that will not be fully performed by a year from the Trade Date, or above a certain dollar amount, in a writing signed by both Parties. Unless a Party expressly objects at the beginning of a telephone conversation, each Party consents to the creation of a tape or electronic recording of all telephone conversations between them, and agrees to retain such recordings in confidence, secured from improper access, and available to be submitted in evidence in any proceeding relating hereto, including as evidence that a contract has been made between them. Each Party waives any further notice of such recording, and agrees to notify and obtain any necessary consents from its officers and employees, and indemnify, defend and hold harmless the other Party from any liability arising from failure to obtain such consents. To the full extent permitted under Applicable Law, if the Parties have agreed on the terms of a Transaction, the Parties agree not to contest, or to enter any defense concerning the validity or enforceability of a Transaction on the grounds that the documentation for such Transaction fails to comply with the requirements of a jurisdiction's Statute of Frauds or other Applicable Law requiring agreements to be written or signed.

ARTICLE 9: MISCELLANEOUS

9.1 Term of Agreement. The term hereof commences on the Effective Date and remains in effect until terminated by either Party upon 30 days' prior written notice; provided, however, that such termination will not affect any Transaction entered into and not yet fully, faithfully, and indefeasibly performed as of such termination, or excuse the performance of either Party under any provision hereof that by its terms survives any such termination and, provided further, that this Agreement and any other documents executed and delivered hereunder will remain in effect with respect to the Transactions entered into prior to the effective date of such termination until both Parties have fulfilled all of their obligations with respect to such Transactions if such Transactions have not been terminated under Article 5 or 7.

9.2 Assignment. Neither Party may assign this Agreement or any Transaction without the prior

written consent of the other, which consent will not be unreasonably withheld; provided, however, either Party may, without the consent of the other, (i) transfer, sell, pledge, encumber or assign this Agreement or the accounts, revenues or proceeds hereof in connection with any financing or other financial arrangements (and without relieving itself from liability hereunder), (ii) transfer or assign this Agreement to an Affiliate of such Party which Affiliate's creditworthiness is equal to or higher than that of such Party on the Effective Date, or (iii) transfer or assign this Agreement to any person or entity succeeding to all or substantially all of the assets whose creditworthiness is equal to or higher than that of such Party on the Effective Date; provided, however, that in each such case, any such assignee must agree in writing to be bound by the terms and conditions hereof and so long as the transferring Party must deliver such tax and enforceability assurance as the non-transferring Party may reasonably request. This Agreement will bind each Party's successors and permitted assigns. Any attempted assignment in violation of this provision will be void *ab initio*.

9.3 Notices. All notices, requests, statements or payments will be made as specified in the Cover Sheet. Notices, unless otherwise specified herein, must be in writing and delivered by hand delivery, United States mail, overnight courier service or facsimile. Notice by facsimile or hand delivery is effective when actually received, if received before or during business hours on a Business Day, and otherwise will be effective on the next Business Day. Notice by overnight United States mail or courier will be effective on the next Business Day after it was sent. A Party may change its addresses by providing notice of same in accordance herewith.

9.4 Day Conventions. Unless otherwise specifically provided herein or in a Product Order, (i) "day" means a calendar day and includes Saturdays, Sundays and holidays, and (ii) if a payment falls due on a day that is not a Business Day, the payment will be due on the next Business Day thereafter.

9.5 General. (a) This Agreement constitutes the entire agreement between the Parties relating to its subject matter. Any prior agreement or negotiation between the Parties with respect to the subject hereof is superseded. Any Product Order or any collateral, credit support or margin agreement or similar arrangement between the Parties will, upon designation by the Parties, be deemed part hereof and incorporated herein by reference, with this Agreement controlling in the event of a contradiction.

(b) This Agreement will be considered for all purposes as prepared through the joint efforts of the Parties and not be construed against one Party or the other as a result of the preparation, substitution, organizational membership, submission or other event of negotiation, drafting or execution hereof.

(c) No amendment or modification hereto or to any written Product Order is enforceable unless in writing and executed by both Parties.

(d) Headings used herein are for convenience and reference purposes only.

(e) Nothing herein constitutes any Party a partner, agent or legal representative of the other Party or creates any fiduciary relationship between them.

(f) The waiver by either Party of a default or a breach by the other Party will not operate or be construed to operate as a waiver of any subsequent default or breach. The making or the acceptance of a payment by either Party with knowledge of the existence of a default or breach will not operate as a waiver of any default or breach.

(g) Except as provided in a Product Order or pursuant to Article 7, if any provision hereof is, for any reason, determined to be invalid, illegal, or unenforceable in any respect, the Parties will negotiate in good faith and agree to such amendments, modifications, or supplements of or to this Agreement or such other appropriate actions that will, to the maximum extent practicable in light of such determination, implement and give effect to the intentions of the Parties as reflected herein, and the other provisions hereof will, as so amended, modified, or supplemented, or otherwise affected by such action, remain in full force and effect.

(h) This Agreement may be executed in counterparts, each of which will be deemed an original but all of which taken together will constitute one and the same original instrument.

9.6 Electronic Documents. Any document generated by the Parties with respect to this Agreement, including this Agreement, may be imaged and stored electronically and introduced as evidence in any proceeding as if original business records. Neither Party will object to the admissibility of such images as evidence in any proceeding on account of having been stored electronically.

9.7 Confidentiality. If the Parties have elected on the Cover Sheet to make this Section applicable, neither Party will disclose the terms or conditions of a Transaction or this Agreement to a third party (other than the Party's employees, Guarantor, lenders, counsel, accountants, agents or advisors who have to know such information and have agreed to keep such terms confidential) except: (a) in order to comply with any applicable law or regulation, or request of any regulatory agency having colorable jurisdiction over the Party and requesting the confidential information in the ordinary course of business,(b) rule or requirement of any exchange, Certification Authority, Administrator or Governmental Authority administering an RPS; (c) in connection with any court or regulatory proceeding; (d) Transaction information delivered to a Verification Provider as specified in a Product Order; and (e) to the extent such information is delivered to a third party for the sole purpose of calculating a published index or other published price source; provided, however, each Party will, to the extent practicable, use reasonable efforts to prevent or limit the disclosure. The Parties are entitled to all remedies available at law or in equity to enforce, or seek relief in connection with, this confidentiality obligation.

9.8 Dispute Resolution. Disputes under this Agreement will be resolved in accordance with applicable law, or in accordance with the provisions of the Dispute Resolution Addenda selected on the Cover Sheet.

Section 9.8
Dispute Resolution Addenda

Waiver of Jury Trial

Waiver of Jury Trial. EACH PARTY KNOWINGLY, VOLUNTARILY, INTENTIONALLY AND IRREVOCABLY WAIVES THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED ON THIS AGREEMENT, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT AND ANY AGREEMENT EXECUTED OR CONTEMPLATED TO BE EXECUTED IN CONJUNCTION WITH THIS AGREEMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY HERETO. THIS PROVISION IS A MATERIAL INDUCEMENT TO EACH OF THE PARTIES FOR ENTERING HEREINTO. EACH PARTY HEREBY WAIVES ANY RIGHT TO CONSOLIDATE ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR ANY OTHER AGREEMENT EXECUTED OR CONTEMPLATED TO BE EXECUTED IN CONJUNCTION WITH THIS AGREEMENT, OR ANY MATTER ARISING HEREUNDER OR THEREUNDER, IN WHICH A JURY TRIAL HAS NOT OR CANNOT BE WAIVED.

Non-Binding Mediation

a) Negotiations. The Parties must attempt in good faith to resolve all disputes arising out of, related to or in connection with this Agreement promptly by negotiation, as follows. Any Party may give the other Party written notice of any dispute not resolved in the normal course of business. Executives of both Parties at levels one level above the personnel who have previously been involved in the dispute must meet at a mutually acceptable time and place within ten days after delivery of such notice, and thereafter as often as they reasonably deem necessary, to exchange relevant information and to attempt to resolve the dispute. If the matter has not been resolved within 30 days after the referral of the dispute to such senior executives, or if no meeting of such senior executives has taken place within 15 days after such referral, either Party may initiate a dispute resolution method as provided hereinafter if neither Party has requested that the dispute be mediated in accordance with Section (2) below. All negotiations pursuant to

this clause are confidential.

b) Mediation. If the dispute is not resolved within 30 days after the referral of the dispute to senior executives, or if no meeting of senior executives has taken place within 15 days after such referral, either Party may request that the matter be submitted to nonbinding mediation. If the other Party agrees, the mediation will be conducted in accordance with the Commercial Arbitration Rules and Mediation Procedures (Including Procedures for Large, Complex Commercial Disputes) of the American Arbitration Association (the "AAA"), as amended and effective on July 1, 2003 (the "AAA Rules"), notwithstanding any dollar amounts or dollar limitations contained therein.

(i) The Party requesting the mediation, may commence the mediation process with AAA by notifying AAA and the other Party in writing ("Mediation Notice") of such Party's desire that the dispute be resolved through mediation, including therewith a copy of the Dispute Notice and the response thereto, if any, and a copy of the other Party's written agreement to such mediation.

(ii) The mediation will be conducted at the place designated on the Cover Sheet by a single mediator. The Parties may select any mutually acceptable mediator. If the Parties cannot agree on a mediator within five days after the date of the Mediation Notice, then the AAA's Administrator will send a list and resumes of three available mediators to the Parties, each of whom will strike one name, and the remaining person will be appointed as the mediator. If more than one name remains, either because one or both Parties have failed to respond to the AAA's Administrator within five days after receiving the list or because one or both Parties have failed to strike a name from the list or because both Parties strike the same name, the AAA's Administrator will choose the mediator from the remaining names within five days. If the designated mediator dies, becomes incapable, unwilling, or unable to serve or proceed with the mediation, a substitute mediator will be appointed in accordance with the selection procedure described above, and such substitute mediator will have all such powers as if he or she has been originally appointed herein.

(iii) The mediation will consist of one or more informal, nonbinding meetings between the Parties and the mediator, jointly and in separate caucuses, out of which the mediator will seek to guide the Parties to a resolution of the Dispute. The mediation process will continue until the resolution of the dispute, or the termination of the mediation process pursuant to this Section. The costs of the mediation, including fees and expenses, will be borne equally by the Parties.

(iv) All verbal and written communications between the Parties and issued or prepared in connection with this Section will be deemed prepared and communicated in furtherance, and in the context, of dispute settlement, and will be exempt from discovery and production, and will not be admissible in evidence (whether as admission or otherwise) in any litigation or other proceedings for the resolution of the dispute.

(v) The initial mediation conference between the Parties and the mediator, which may be held by telephone, will be held within 25 days after the Mediation Notice. Either Party may terminate the mediation process upon or after the earlier to occur of (A) the failure of the initial mediation conference to occur within 25 days after the date of the Mediation Notice, (B) the passage of 45 days after the date of the Mediation Notice without the dispute having been resolved, or (C) such time as the mediator makes a finding that there is no possibility of resolution through mediation.

(vi) All deadlines in this Section may be extended by mutual agreement.

c) Settlement Discussions. No statements of position or offers of settlement made in the course of the dispute process described in this Section will be offered into evidence for any purpose in any litigation between the Parties, nor will any such statements or offers of settlement constitute an admission or waiver of rights by either Party in connection with any such litigation. At the request of either Party, any such statements and offers of settlement, and all copies thereof, will be promptly returned to the Party

providing the same.

Binding Arbitration

(1) Any dispute or claim arising out of or related hereto or any breach thereof or any need for interpretation related to any dispute arising out of or related hereto will be settled by binding arbitration administered by the American Arbitration Association at the place designated on the Cover Sheet. Either Party will have the right to commence an arbitration by written notice to the other Party after the expiration of a 30 day negotiation period, or if nonbinding mediation was designated in the Cover Sheet, 10 days after the termination of the mediation. The arbitration will be conducted as follows:

(A) There will be one arbitrator who has not previously been employed by either Party, is qualified by education or experience to decide the matters relating to the questions in dispute, and does not have a direct or indirect interest in either Party or a financial interest in the outcome of the arbitration and who is available within the time frames set forth herein. Such arbitrator will either be selected by mutual agreement by the Parties within 30 days after written notice from the Party requesting arbitration, or failing agreement by such time, the arbitrator will be selected within the following 14 days by the AAA under the AAA Rules.

(B) Such arbitration will be held at the location specified on the Cover Sheet. Absent agreement, the arbitrator shall set the location of the arbitration based on where it is most convenient and cost effective to resolve the dispute, and if it is an international matter, with regard to any special considerations raised by the Parties that may therefore be relevant.

(C) The AAA Rules (including the Optional Rules for Emergency Protection Measures) apply to the extent not inconsistent with the rules herein specified. If the dispute is international in scope as defined in the United Nations Commission on International Trade Law Model Law on International Commercial Arbitration, the AAA's Supplementary Procedures for International Commercial Disputes shall apply.

(D) The hearing will be conducted on a confidential basis and except as required by law, neither the Parties nor the arbitrator may disclose the existence, content or results of any arbitration hereunder without the prior written consent of all the parties.

(E) At the request of a Party, the arbitrator will have the discretion to order an examination of witnesses to the extent the arbitrator deems such additional discovery relevant and appropriate. Depositions will be limited to a maximum of two depositions for each Party, may be held by video conferencing to reduce travel expenses, and each deposition limited to a maximum of three hours. All objections are reserved to the hearing except objections based on privilege and proprietary or confidential information.

(F) At the conclusion of the hearing, if Baseball Arbitration is selected on the Cover Sheet, each Party will submit a form of award to the arbitrator setting out its proposed resolution of the dispute or claim and the arbitrator must issue an award in accordance with only one or the other of the forms of award proposed by the Parties (popularly referred to as baseball arbitration); otherwise, the arbitrator will deliver an award consistent with the facts and the law and will not be limited to any forms of award proposed by the Parties; provided, that, the decision must resolve the dispute in a manner consistent with this Agreement.

(G) The arbitrator will issue a confidential award accompanied by a statement regarding the reasons for the decision.

(H) The arbitrator and the Parties will make every attempt to resolve the arbitration within 90 days of appointment. Upon the application of a Party and for good cause shown, the arbitrator may extend this time. Under no circumstances will the arbitration take longer than six months from the appointment of the arbitrator. However, failure to conclude the arbitration within the six month period will not constitute grounds for vacating the award.

(I) Each Party will be responsible for its own filing fees and case service fees in connection with its claim. Other expenses and arbitrator compensation will be borne equally, subject to final apportionment by the arbitrator. Each Party will be responsible for its own expenses and those of its counsel and representatives.

(J) Any offer made or the details of any negotiation regarding the dispute prior to arbitration and the cost to the Parties of their representatives and counsel will not be admissible.

(2) Judgment on the award rendered by the arbitrator may be entered in any court of competent jurisdiction by the Party in whose favor such award is made.

(3) Regardless of any procedures or rules of the AAA: (i) the arbitrator will have no authority to award punitive damages, or any other form of damages waived by the Parties pursuant to the Agreement, or attorneys' fees; and (ii) the Parties may by written agreement alter any time deadline, locations for meetings, or procedure outlined in this Section or in the AAA Rules, except that the provisions of subsection (1)(H) above will govern with respect to the time frame for the conclusion of the arbitration.

SCHEDULE P: PRODUCT ORDER DEFINED TERMS

"Standard REC" means a REC that includes all Environmental Attributes arising as a result of the generation of electricity associated with the REC, whether or not such Environmental Attributes have been Verified or Certified and whether or not creditable under any existing Applicable Program.

"Basic REC" means a REC that consists solely of a Certification of the generation of electricity by a Renewable Energy Resource, without any additional Environmental Attributes.

"Specified REC" means a REC that includes specified Environmental Attributes in addition to the generation of electricity by a Renewable Resource. Additional Environmental attributes may be specified individually or as the residue after specific Environmental Attributes are removed.

"Unit Specific" when referring to Product means that the Renewable Energy Facility that has generated or is eligible to generate the Product is and must be specified.

"Unit Non-specific" when referring to Product means that the Renewable Energy Facility that has generated or is eligible to generate the Product need not be specified.

"Unit Contingent" means that Seller is excused from any failure to Deliver Product quantity on account of failure of a specified Renewable Energy Facility to generate the amount of RECs necessary in the Vintage or other time period indicated. In such event, Seller shall not be liable to Buyer for any damages, including any amounts determined pursuant to Article 5.

"Generation Contingent" means Seller's failure to Deliver is excused if the Renewable Energy Facility for any reason does not generate sufficient measured energy in the Vintage or other time period indicated to satisfy all obligations of RECs delivery assigned by Seller to the Renewable Energy Facility. In such event, Seller shall not be liable to Buyer for any damages, including any amounts determined pursuant to Article 5.

"Mid-Year Vintage" or "PJM Reporting Year" means the twelve-month period from June 1st through May 31st. A reporting year shall be numbered according to the calendar year in which it ends, so that reporting year 2007 runs from June 1, 2006 through May 31, 2007.

GUIDANCE NOTES

Applicable Programs

Parties should satisfy themselves that the Product that they are buying and selling, and the manner of transacting, meets the definition, delivery and other requirements of the Applicable Program. The drafters of this contract make no warranty or representation either way. For your convenience, a list of some Applicable Program websites with information concerning compliance is posted at http://environmentalmarkets.org/. Note that these programs are constantly under revision and development; this very contract is offered with the hope of assisting these Applicable Programs in developing consistent and acceptable definitions. Accordingly, parties should review the statutory and regulatory language of the Applicable Program to ensure that the Product delivered complies with the requirements. For example, the defined term "Standard RECs" as used in this contract is intended (but not guaranteed) to meet the definitional requirements of California programs for Renewable Energy Facilities that are certified as complying with the California Energy Commission requirements, once RECs trading is implemented pursuant to recent amendments to the statute authorizing the RPS, because Standard RECs means all Environmental Attributes, whether or not verified. Here is the current standard contract term in California:

"Environmental Attributes or Green Tags" means any and all credits, benefits, emissions reductions, offsets, and allowances, howsoever entitled, attributable to the generation from the Unit(s), and its displacement of conventional energy generation. Environmental Attributes include but are not limited to: (1) any avoided emissions of pollutants to the air, soil or water such as sulfur oxides (SOx), nitrogen oxides (NOx), carbon monoxide (CO) and other pollutants; (2) any avoided emissions of carbon dioxide (CO2), methane (CH4) and other greenhouse gases (GHGs) that have been determined by the United Nations Intergovernmental Panel on Climate Change to contribute to the actual or potential threat of altering the Earth's climate by trapping heat in the atmosphere; and (3) the reporting rights to these avoided emissions such as Green Tag Reporting Rights. Green Tag Reporting Rights are the right of a Green Tag Purchaser to report the ownership of accumulated Green Tags in compliance with federal or state law, if applicable, and to a federal or state agency or any other Party at the Green Tag Purchaser's discretion, and include without limitation those Green Tag Reporting Rights accruing under Section 1605(b) of The Energy Policy Act of 1992 and any present or future federal, state, or local law, regulation or bill, and international or foreign emissions trading program. Green Tags are accumulated on kWh basis and one Green Tag represents the Environmental Attributes associated with one (1) MWh of energy. Environmental Attributes do not include (i) any energy, capacity, reliability or other power attributes from the Unit(s), (ii) production tax credits associated with the construction or operation of the energy projects and other financial incentives in the form of credits, reductions, or allowances associated with the project that are applicable to a state or federal income taxation obligation, (iii) fuel-related subsidies or "tipping fees" that may be paid to Seller to accept certain fuels, or local subsidies received by the generator for the destruction of particular pre-existing pollutants or the promotion of local environmental benefits, or (iv) emission reduction credits encumbered or used by the Unit(s) for compliance with local, state, or federal operating and/or air quality permits. If Seller's Unit(s) is a biomass or landfill gas facility and Seller receives any tradable Environmental Attributes based on the greenhouse gas reduction benefits or other emission offsets attributed to its fuel usage, it shall provide Buyer with sufficient Environmental Attributes to ensure that there are zero net emissions associated with the production of electricity from such facility.

As this definition is used in the Master Renewable Energy Certificate Purchase and Sale Agreement, "Units" means Renewable Energy Facilities, and "Green Tag Reporting Rights" mean Product Reporting Rights. Note also California Public Utilities Code §399.12(g):

(1) "Renewable energy credit" means a certificate of proof, issued through WREGIS, that one unit of electricity was generated and delivered by an eligible renewable energy resource. (2) "Renewable energy credit" includes all renewable and environmental attributes associated with the production of electricity from the eligible renewable energy resource, except for an emissions reduction credit issued pursuant to Section 40709 of the California Health and Safety Code and any credits or payments associated with the reduction of solid waste and treatment benefits created by the utilization of biomass or biogas fuels.

The working group considered but rejected the concept of adding to this contract the definitions of each state, choosing instead to pursue the approach of defining the Product, and allowing the Parties to make a representation that the Product complies with the requirement of an Applicable Program (and hence the controlling State law). The risks of fostering Balkanization with too many disparate definitions was overwhelming, and the working group instead chose to draft definitions that emphasize commonalities of the Products and Environmental Attributes, and under

which RPS programs they qualify.

The Parties should also comply with the Delivery requirements of the Applicable Program. For example in NEPOOL-GIS delivery contracts for REC purchases, the delivery could be either a non-revocable forward delivery, a revocable forward delivery, or trading period delivery, as these are all permitted by the NEPOOL-GIS Operating Rules. This should be worked out in contract negotiations and expressed in the Product Order by selection of the "Delivery Type". A voluntary credits transaction is mainly a financial transaction that may employ Green-e verification or attestations if required, which can also be worked out as a "delivery type" as well. Here is example language parties have used in contracts that either use NEPOOL or PJM facilitate a REC transfer, to illustrate.

Transactions within NEPOOL:

Title Transfer; Delivery. The Parties have chosen a Delivery Schedule of either Trading Period, Forward Certificate Delivery, or Non-revocable Forward Certificate Delivery, as stated in Delivery Schedule. In addition, the Parties agree to follow the specific Delivery rules applicable to the chosen Delivery Schedule, pursuant to Part 3 Transfer of Certificates of the NEPOOL GIS Operating Rules. The Delivery rules for Trading Period, Forward Certificate Delivery, or Non-revocable Forward Certificate Delivery:

Trading Period: Quarterly within five business days of the close of the applicable quarterly trading period, Seller shall Deliver Designated RECs into the NE-GIS account of the Buyer. As pursuant to Part 2 Rule 2.1 (b) of the NEPOOL-GIS Operating Rules, Certificates are created quarterly on the 15th day of the calendar quarter (the Creation Date) that is the second calendar quarter following the calendar quarter in which the Energy associated with the Certificate was generated. Each Certificate shall be eligible for transfer from its Creation Date; such Certificate shall cease to be eligible for transfer 15 days prior to the end of the calendar quarter in which such Creation Date occurs.

Forward Certificate: Monthly within 25 business days after the close of each generation month, the Seller shall Deliver Designated RECS by initiating a forward transfers to the NE-GIS account of the Buyer. The forward transfer of the Designated RECs shall represent a transfer of and valid title to such Designated RECs free and clear of any lien or other encumbrance. Forward Certificates can be rescinded up to five calendar days prior to the corresponding Creation Date of the Forward Certificate

Non-revocable Forward Certificate: Monthly within 25 business days after the close of each generation month, the Seller shall Deliver Designated RECS by initiating non-revocable forward transfers to the NE-GIS account of the Buyer. The non-revocable forward transfer of the Designated RECs shall represent a transfer of and valid title to such Designated RECs free and clear of any lien or other encumbrance.

Transactions within PJM-GATS

Title Transfer; Delivery The Parties agree to follow the specific delivery rules pursuant to Section 9 Transfer of Certificates of the PJM GATS Operating Rules. Monthly within 45 business days of certificate creation date, the Seller shall Deliver Designated GATS Certificates by initiating transfer to the PJM-GATS account of the Buyer, as pursuant to Section 9.1 entitled *Transferring Certificates between Account Holders* of the PJM-GATS Operating Rules. Certificates are created monthly on the last business day of the calendar month following the month of generation (the Creation Date). Each Certificate shall be eligible for transfer from its initial deposit into a GATS Account; such Certificate shall cease to be eligible for transfer at the end of the Trading Period of the corresponding Reporting Period in which the Creation Date occurs. The transfer of the Designated GATS Certificates shall represent a transfer of and valid title to such Designated GATS Certificates free and clear of any lien or other encumbrance. All GATS Certificate transfers will be complete by the close of the applicable PJM-GATS Trading Period

Change in Law Risks

The concept of "Regulatorily Continuing" as a representation is discussed in the Introduction for Users and figures prominently in Section 3.2 and Article 7. Additionally, the Parties are required to continue with the delivery of Product at the purchase price agreed to in the Transaction, even if the RPS is cancelled, and there is no "price majeure" if a voluntary program's RECs suddenly become more valuable due to a promulgation of a new RPS. Parties might want to vary this in one of two ways. Those active in compliance markets might wish for an out (akin to the "Change in Scheme" concept sometimes seen in documentation for the European Emissions Trading Scheme). Here is an example provided by a working group member, which is New Jersey specific; "Product" in this

clause refers to "S-RECs", which would be the specified Product in the particular Transaction:

Change in Law and Termination. The Parties recognize and understand that the trading of [the Product] is dependent upon Applicable Law existing as of the Effective Date. If, after the Effective Date, (1) the Administrator issues an order discontinuing Certification of [the Product]; or (2) there occurs any material change (including promulgation, enactment, repeal and amendment) in the application of, Applicable Law, including any material change by any state governmental authority or PJM regarding a Party's authority to sell or purchase [the Product] (both (1) and (2) being a "Change in Applicable Law") and such Change in Applicable Law either (i) renders this Transaction illegal or unenforceable, (ii) would render performance by a Party illegal or unenforceable, (iii) eliminates, abolishes or makes illegal the trading or transferring of [the Product], or (iv) eliminates the RPS requirement as separate and apart from, or [the Product] no longer qualifies as meeting, [the Class I requirement in New Jersey], then promptly after such Change in Applicable Law occurs, the Parties will use their commercially reasonable efforts to reform the Transactions in order to give effect to the original intention of the Parties. Prior to termination of the applicable Transactions, if [the Product] is (i) deliverable to any other jurisdiction with a [Product] requirement, (ii) and qualifies to meet such state's requirements, the Parties will reform the Transactions to reflect such deliverability. If, in the Buyer's sole discretion, the Parties are unable to reform the Transactions as described above, Buyer may, at its sole option and at any time following the Change in Applicable Law, terminate the applicable Transactions without terminating the remainder of this Agreement and calculate a Termination Payment, which for the purposes of this Section only will be calculated as the amount of Quantity remaining to be delivered in the then-current Compliance Year, multiplied by [$175]. If the Buyer elects to terminate the Applicable Transactions, the Termination Payment hereunder will supersede any termination payment specified under Article 5 and no such termination payment will be due and owing under such article for such Transactions.

And, parties transacting in a voluntary market may wish to cancel the Transaction should the RECs market suddenly become a compliance market, which could have a substantial impact on the value of the RECs. Here is an example clause.

If, prior to the delivery of RECs sold hereunder, any Applicable Law is promulgated that has the effect of substantially alters the value of RECs, by making them newly capable of compliance with any particular Applicable Program, Seller may terminate said Transactions without penalty on thirty days' prior written notice to Buyer. In such event, Seller will not deliver, and Buyer will not pay for, RECs that have not been delivered on or before the date of such termination, but Buyer will pay for RECs that have been delivered.

Parties considering use of either clause or the concepts therein should be sure to effectively further amend applicable provisions of the Agreement, with particular attention to Articles 6, 7 and 8.

Future Allowances

Parties are transacting in a milieu in which rules are often not yet fully set and likely to change mid-stream. The only thing certain about change in law risks is that there will be change in law risks that the drafters did not anticipate. One possible change in law risk that the parties may wish to consider is the potential for future programs providing allowances to renewable energy facilities based on facility capacity, but not generation. This is distinct from credits (or allowances) provided on account of actual renewable resource generation. A "Standard REC," which is "all" Environmental Attributes, includes within it any future allowances (or credits) that are awarded based on the measured quantity of generation with which the Standard REC was associated. If the parties do not wish to transfer future potential allowances or credits, they should elect to trade a "Specified REC" and use the Disclosure Document to carve those out.

The working group included all such future allowances or benefits associated with generation with a Standard REC, viewing the sale of the Standard REC as a derivative of the energy, with the Standard REC buyer being the fixed price payor. Although the Standard REC seller is not paying a floating price, it is receiving a steady and fixed, defined cash flow that it can use to ensure the economics of its project, and foregoing the floating price (which the buyer is receiving), which is the fluctuation in any future value inherent in what was sold for that fixed price. That floating value may increase if there is a new program, or decline if an existing program is cancelled. Meanwhile, the seller continues to receive the fixed price from the seller. This illustration is, of course, subject to the further elections and decisions of the parties in how they allocate change in law risk. So if, for example, under the new California greenhouse gas emissions law, an allowance-based compliance

regime is created and initial allowances are allocated to all existing generation, fossil and non-fossil fueled generation, and these allowances are allocated in an aggregate amount, and for example a wind facility is given in a table 100 Carbon Allowances, which it does not need for compliance, has the wind facility which sold a Standard REC sold any of its carbon allowances? If the allowances were for identifiable prior generation, and a buyer paid for them, they were transferred. If the allocation of allowances is made on an on-going future basis, as electricity is generated, and the amount of allowances is keyed to actual energy production, the allowances are part of the Standard REC. But the allocation of allowances is *based on* historic output of the unit does not result in the transfer of the allowances to those to whom the past performance was sold. A system which allocates allowances based on some formula other than on-going actual generation of energy is very different from a system that gives credit for displacing emissions based on actual generation of energy from a renewable resource. The drafters have sought to be as clear as possible under the circumstances, but the parties are advised to remain informed about the potential for future allowance and credit-based programs which might apply to their units and draft their transactions accordingly. Parties may consider adding the following language to the definition of Environmental Attributes:

Environmental Attributes do not include, unless the parties have expressly agreed otherwise, tradable emission allowances or other entitlements to produce emissions issued by a Governmental Authority and allocated to a Renewable Energy Facility on a basis other than actual generation of avoided emissions associated with the generation of electricity by the Renewable Energy Facility. For example, any CO2 emission allowances that may be allocated to a Renewable Energy Facility by a Governmental Authority on a basis other than a calculation of such Facility's actual avoided emissions would not be included as an Environmental Attribute.

Vintage True-Up

When specifying Vintages, parties should be aware of the true-up, banking and borrowing periods provided under the Applicable Program. Parties transacting in voluntary markets, or with entities whose compliance in RPS programs is quasi-voluntary, may wish to provide in the applicable Product Order under Vintage:

; provided, however, that pursuant to Green-e requirements that provide for out-of-year true-up periods under certain circumstances, all Environmental Attributes will be derived from the energy that is or was generated and delivered to the electricity grid by the Renewable Energy Facility during the calendar year indicated as the Vintage, the last six months of the preceding calendar year, or the first three months of the following calendar year, or such other delivery period as may be set forth in standards made applicable by the parties by mutual agreement.

Unit Generation Definitions

Two defined terms in Schedule P refer to the generating unit's performance. Some types of renewable resource generators, such as wind turbines or solar cells, are intermittent, and only generate electricity when the wind blows or the sun shines. Therefore, these units may not be able to generate to a fully contracted quantity. In a "Unit Contingent" sale, Seller is excused from underdelivery if the unit does not generate the full amount contracted for with Buyer in the period indicated, and puts Buyer at the top of the stack from which the Seller may be making sales from the unit over the period indicated. In a "Generation Contingent" sale, Seller is excused if the unit does not generate the full amount contracted with Buyer and all the other parties to whom Seller has contracted for sale from the unit, and puts Buyer within the stack from which Seller may be making sales from the unit over the period indicated. Buyers of a Generation Contingent Product may consider asking the seller about those other sale commitments. A seller with a 20MW unit entering into two 10MW Unit Contingent transactions runs the risk of breaching both contracts by making both sales Unit Contingent, since both buyers could claim a first entitlement to generation from the unit. A seller in such case may wish to indicate the Product is Generation Contingent, and that each buyer receives half of the RECs as generated.

Liquidated Damages

Some parties may wish to add language, common to liquidated damages sections in trading

contracts, such as the following to Section 5.7. The language is not in the body of the contract itself, as the working group did not consider it sufficiently effective across the many jurisdictions from which the parties could elect to govern the contract, because in some jurisdictions, the recitation might be construed as an inadvertent admission that damages may not be recoverable at all as being insufficiently capable of being liquidated:

TO THE EXTENT ANY DAMAGES REQUIRED TO BE PAID HEREUNDER ARE LIQUIDATED, THE PARTIES ACKNOWLEDGE THAT THE DAMAGES ARE DIFFICULT OR IMPOSSIBLE TO DETERMINE, OR OTHERWISE OBTAINING AN ADEQUATE REMEDY IS INCONVENIENT AND THE DAMAGES CALCULATED HEREUNDER CONSTITUTE A REASONABLE APPROXIMATION OF THE HARM OR LOSS.

California Judicial Reference

Current California case law brings into questions the enforceability of jury trial waivers, although waivers of jury trial in the context of an agreement to arbitrate are enforceable. One effective way to waive jury trial without an agreement to arbitrate is by agreeing to judicial reference. Here is an example clause. If using this clause, Parties should specify in advance the applicable County Superior Court.

1) Each controversy, dispute or claim between the Parties arising out of or relating hereto, which controversy, dispute or claim is not settled in writing within 30 days after the "Claim Date" (defined as the date on which a Party gives written notice to the other Party that a controversy, dispute or claim exists), will be adjudicated by a reference proceeding in California in accordance with the provisions of Sections 638 et seq. of the California Code of Civil Procedure ("CCP"), which will constitute the exclusively remedy for the adjudication of any controversy, dispute or claim concerning this Agreement, including whether such controversy, dispute or claim is subject to the reference proceeding and except as set forth herein, the Parties waive their rights to initiate any legal proceedings against each other in any court or jurisdiction other than the Superior Court in the County specified on the Cover Sheet (the "Court"). The referee will be a retired Judge of the Court selected by mutual agreement of the Parties, and if they cannot so agree within forth-five days after the Claim Date, the referee will be promptly selected by the Presiding Judge of the Court (or his representative). If the Presiding Judge selects the referee, each Party will have one peremptory challenge pursuant to CCP §170.6. The referee will be appointed to sit as a temporary judge, with all of the powers for a temporary judge, as authorized by law, and upon selection should take and subscribe to the oath of office as provided for in Rule 244 of the California Rules of the Court (or any subsequently enacted Rule). The referee will (a) set the matter for hearing within sixty days after the date of his or her selection and (b) try any and all issues of law or fact and report a statement of decision upon them, if possible, within ninety days of the Claim Date. Any decision rendered by the referee will be final, and judgment will be entered thereon pursuant to CCP §644 in any court in the State of California having jurisdiction. All discovery will be completed no later than 15 days before the first hearing date established by the referee. The referee may extend such period in the event of a Party's refusal to provide requested discovery or unavailability of a witness due to absence or illness. No Party will be entitled to "priority" in conducting discovery. Depositions may be taken by either Party upon seven days written notice, and disputes regarding depositions and request for production or inspection of documents which cannot be resolved by the Parties will be submitted to the referee as provided herein. The Superior Court is empowered to issue temporary and/or provisional remedies, as appropriate.

2) Except as expressly set forth herein, the referee will determine the manner in which the reference proceeding is conducted including the time and place of all hearings, the order of presentation of evidence, and all other questions that arise with respect to the course of the reference proceeding. All proceedings and hearings conducted before the referee, except for trial, will be conducted without a court reporter except that when any Party so requests, a court reporter will be used at any hearing conducted before the referee. The Party making such a request will be the obligation to arrange for and pay for the court reporters. The costs of the court reporter at the trial will be borne equally by the Parties.

3) The referee will be required to determine all issues in accordance with the laws of the State of California and those specified in the Agreement. The rules of evidence applicable to proceedings at law in the State of California will apply to the reference proceeding. The referee will be empowered to enter equitable as well as legal relief, to provide all temporary and/or provisional remedies and to enter equitable orders that will be final. The referee will issue a single judgment at the close of the reference proceeding which will dispose of all of the claims of the Parties that are the subject of the reference. The Parties expressly reserve the right to contest or appeal from the final judgment or any appealable order or appealable judgment entered by the referee. The Parties expressly reserve the right to findings of fact, conclusions of law, a written statement of decision, and the right to move for a new trial or a different judgment, which new trial, if granted, will also be a reference proceeding hereunder.
