Appendix 11
Indexed REC RFP - Bid Date: November 30, 2026
Bid Form - General Information

The Indexed REC RFP seeks to procure Renewable Energy Credits ("RECs") for the portfolios of Ameren Illinois Company, Commonwealth Edison Company, and MidAmerican Energy Company (each a "Company"). The RECs procured in this procurement event must meet the definition of Renewable Energy Credit and Indexed Renewable Energy Credit as defined in Section 1-10 of the IPA Act.

Template Information:

In addition to this 'General Information' sheet, this Bid Form contains the 'Wind Bids', 'Hydropower Bids', 'Solar Bids', and the 'Brownfield Bids' sheets.

Bidder Information:

Bidder Name	
Contact Name	
Phone Number	

Bidder information is incomplete. All fields are mandatory.

Product Information:

There are four (4) "Products", each RECs from a Project of a specific Technology. There are three (3) "Categories", each defined by the Technology or Technologies of the Projects and by the annual quantities of RECs that the IPA seeks to procure. The term "Target" is used generically to refer to the Target for any of the three (3) Categories.

Product	Technology	Target
Wind RECs	utility-scale wind project	837,984
Hydropower RECs	hydropower project	
Solar RECs	utility-scale solar project	433,333
Brownfield RECs	brownfield site photovoltaic project	296,271

Complete and Sign Certification:

I, ______________, certify under penalty of perjury that I am authorized to submit these Bids.

By affixing my electronic signature below I understand and agree to the following: Any Bid submitted for this procurement event will remain binding until fourteen (14) business days after the anticipated date of the Commission decision on the procurement event. The Bid constitutes a binding and irrevocable offer to supply the annual quantity of RECs from the Project selected by the evaluation procedure, which is no less than the minimum quantity and no more than the full quantity specified in the Bid. The annual quantity of RECs is subject to change under the terms of the Indexed REC Contract. The Bid constitutes a binding and irrevocable commitment to accept amounts paid or owed under the terms of the Indexed REC Contract for delivery of such RECs calculated using the Strike Price as specified in the Bid, the final election of whether the one-time Strike Price Adjustment Mechanism under the Indexed REC Contract applies to the Project as specified in the Bid, and the Index Price that corresponds to the Index Hub selected by the Bidder. If the Commission approves some or all of the Bids, the Seller will execute the Indexed REC Contracts with the Companies as instructed by the Procurement Administrator.

Company Name

____
Signature

Please type your name exactly in both fields to serve as your signature to complete the certification above.

Appendix 11
Indexed REC RFP - Bid Date: November 30, 2026
Bid Form - Wind Bids

Notes:
-A Bid for a Project has four elements: (i) a Strike Price ($/MWh); (ii) the final election of whether the one-time Strike Price Adjustment Mechanism under the Indexed REC Contract applies to the Project; (iii) the full quantity of RECs from the Project; and (iv) a minimum quantity of RECs from the Project.
-The full quantity and the minimum quantity must each specify an integer number of RECs.
-The full quantity must not exceed the Maximum Bid Size.
-The minimum quantity must not exceed the full quantity.
-The full quantity must not exceed the Target for the Category associated with the Project;
-The Strike Price in the Bid must be a $/MWh and must display as a number rounded to the nearest cent.
-The full quantity, the minimum quantity, and the Strike Price must each be a numeric value. The full quantity, the minimum quantity, and the Strike Price may not be provided as a formula.
-Only one Bid may be submitted for a Project.
-The Bid must specify whether the Strike Price Adjustment Mechanism under the Indexed REC Contract applies to the Project. If "Yes" is selected, the Bidder is electing for the Strike Price Adjustment Mechanism to apply to the Project. During the evaluation procedure, the Bid is adjusted using the "Forecast Factor".
-The Equity Commitment column is applicable if the Seller has committed to an Equity Level (%) for that Project greater than the MES of 14% and is notified by the Procurement Administrator that all requirements related to such commitment have been met.
-Energy Transition Community Grant Area is "Yes" if at least 50% of the Project site is located within an Energy Transition Community Grant Area.

BIDS TAB COMPLETE	OK

Quantity of RECs at given price (All prices are $/MWh, all quantities are whole numbers)

	Name of Seller	Project Tag	Equity Commitment if > 14% (% or N/A)	Energy Transition Community Grant Area (Yes or N/A)	Project Size (MW)	Max Bid Size (# of RECs)	Strike Price ($/MWh)	Full Quantity (# of RECs)	Minimum Quantity (# of RECs)	Strike Price Adjustment Mechanism Opt-in or Opt-out (Yes or No)	Full Quantity ≤ Max Bid Size	Full Quantity ≥ Minimum Quantity	Full Quantity ≤ Target
