Bidder information is incomplete. All fields are mandatory.

Product Information:

A REC is a Standard REC and represents all environmental attributes for 1 MWh of energy from a renewable source. There are two different Products each corresponding to RECs generated by a renewable source of a given type and location. The two (2) products are defined below:

1	Illinois and Adjoining State Solar (IAP)	A solar photovoltaic resource physically located in the state of Illinois, Wisconsin, Iowa, Missouri, Kentucky, Indiana, or Michigan
2	Other State Solar (OSP)	A solar photovoltaic resource physically located in a state other than Illinois, Wisconsin, Iowa, Missouri, Kentucky, Indiana, or Michigan

Target Information:

Ameren:

The Procurement Plan Specifies a Target, which is 30,212 RECs. The number of RECs procured through this RFP will not exceed this Target.

ComEd:

The Procurement Plan Specifies a Target, which is 49,770 RECs. The number of RECs procured through this RFP will not exceed this Target.

Complete and Sign Certification:

I, _____, certify under penalty of perjury that I am authorized to submit these Bids.

By affixing my electronic signature below I understand and agree to the following: Any Bid on any Product submitted in response for this procurement event is binding until nine (9) business days after the Bid Date. Each Bid constitutes a binding and irrevocable offer to supply a REC of a Product at the price provided as the Bid and under the terms of the applicable contract. All Bids together constitute a binding and irrevocable offer to supply, under the terms of the applicable contract, the number of RECs of each Product at each price submitted. If the ICC approves some or all of the Bidder's Bids, a binding and enforceable obligation arises under the terms of the applicable contract to execute the Confirmation to supply and deliver RECs to the applicable Company for each Product for which the Bidder's Bids are approved by the ICC.
