

**Appendix 8
New Solar RFP
Bid Form - General Information**

The New Solar RFP seeks to procure RECs for the portfolios of Ameren Illinois Company, Commonwealth Edison Company, and MidAmerican Energy Company (each a “Company”).

Template Information:

In addition to this 'General Information' sheet, this Bid Form contains the 'Solar Bids' sheet.

Bidder Information:

Company Name
Contact Name
Phone Number

Bidder information is incomplete. All fields are mandatory.

Product Information:

- A REC is a Standard REC and represents all the environmental attributes corresponding to one megawatt-hour of energy generated from renewable energy sources.
- The Target for the procurement event is given below:

Category	Description	Target
Solar	RECs associated with utility-scale solar projects and brownfield site photovoltaic projects	400,000

- A Project's Date of First Operation must be after June 1, 2017.
- A Project cannot be located outside of the state of Illinois and the states adjacent to Illinois. States adjacent to Illinois are Wisconsin, Iowa, Missouri, Kentucky, Indiana, and Michigan.

A Bidder may present Bids for various Projects as long as the aggregate number of RECs from all such Projects on an annual basis does not exceed the Target.

Complete and Sign Certification:

I, , certify under penalty of perjury that I am authorized to submit these Bids.

By affixing my electronic signature below I understand and agree to the following: Any Bid submitted for this procurement event will remain binding until seventeen (17) business days after the Bid Date. The price in the Bid constitutes a binding and irrevocable offer to supply RECs corresponding to the Project at that price under the terms of the REC Contract and the quantity in the Bid is the annual quantity in the REC Contract across all Companies. If the ICC approves some or all of the Seller's Bids, the Seller will execute the REC Contracts with the Companies as instructed by the Procurement Administrator and the Seller will submit all necessary supporting documentation in the timeframe required by the REC Contract.

**Appendix 8
New Solar RFP
Bid Form - Bids**

Quantity of RECs at given Bid price (All bids are \$, all RECs are whole numbers)

Notes:

- A Bid for a Project has two elements: (i) a quantity of RECs that represents the annual quantity to be delivered in a delivery year under the terms of the REC Contract; (ii) a price per REC that represents the price at which the Seller is willing to deliver RECs.
- The quantity must be an integer quantity of RECs.
- The price must display as a number rounded to the nearest cent.
- A Bidder may bid on multiple Projects.
- The quantity of RECs bid for a Project cannot exceed the "Maximum Bid Size", which is the product of: (a) the Project size in MW (AC rating), (b) a capacity factor of 26.5%, and (c) 8760 hours.
- A Bidder may bid an aggregate number of RECs across all Projects up to and including the Target.

Aggregate Number of RECs across all Projects:	0	OK
---	---	----

	Name of Seller	Project Tag	Project Size (MW)	Max Bid Size	Price (\$/REC)	Quantity (# of RECs)	Quantity < Max Bid Size
1	Sample Seller 1	SMP01	10.00	23,214			OK
2	Sample Seller 2	SMP02	50.05	116,187			OK
3	Sample Seller 3	SMP03	100.70	233,765			OK
4	Sample Seller 3	SMP04	15.01	34,845			OK
