BEC RFP – ANNOUNCEMENT: Bid Date for the AIC Capacity Procurement Event Is Delayed to Friday, June 9, 2023

Published Date: April 13, 2023

The Bid Date for the AIC Capacity procurement event is delayed to Friday, June 9, 2023 in response to the delay in the Midcontinent Independent System Operator, Inc’s (“MISO’s”) Planning Resource Auction for the 2023-2024 Planning Year (“2023-2024 PRA”) under Dockets EL12-46 and ER23-1465. The 2023-2024 PRA, which is the first PRA to be held under MISO’s seasonal construct, is now scheduled to be implemented in April, and the results are scheduled to be available on May 19, 2023. The Bid Date for the AIC Capacity procurement event has been moved to June 9, 2023, after the start of the 2023-2024 Planning Year on June 1, 2023, to ensure the Bid Date is held after the 2023-2024 PRA implementation and to provide Bidders with time to review the first ever results posting related to seasonal ZRCs. There has been no change to the dates for the AIC Energy, ComEd, or MEC procurement events and no action is required from Bidders participating solely in one or more of these energy procurement events.

A revised Calendar has been posted to the procurement website. In addition to the Bid Date being delayed, **a corresponding change has been made to the due date for Bid Assurance Collateral for AIC Capacity Products to Friday, June 2, 2023**. Also, the date for bidder training for Capacity Products has been changed to Wednesday, June 7, 2023.

The Procurement Administrator has posted to the Final Materials page revised versions of several RFP documents including the RFP Rules, the Standard Pre-Bid Letter of Credit for AIC Capacity Products, and Inserts relating to the AIC Capacity procurement event. **The revised documents have been updated for dates only to reflect the new Bid Date for the AIC Capacity procurement event** and are dated April 13, 2023. No other changes were made to these documents.

Action is required by Bidders participating in the AIC Capacity procurement event.

- 1. Revised Standard Pre-Bid Letter of Credit for AIC Capacity Products (Appendix 13).** The only change from the Standard Pre-Bid Bid Letter of Credit originally posted is an update to the expiration date to July 7, 2023. *Bidders that choose to submit Bid Assurance Collateral in the form of a Pre-Bid Letter of Credit for the AIC Capacity procurement event must use the revised Standard Pre-Bid Letter of Credit for AIC Capacity Products.*
- 2. Revised AIC Capacity P2 Certifications Insert (#P2-9).** The revised #P2-9 Insert has been updated for the new Bid Date. *Bidders in the AIC Capacity procurement event must submit a duly completed revised #P2-9 Insert by email to Illinois-RPF@nera.com by June 2, 2023 in order to complete their Proposal.*
- 3. AIC Capacity P1 Certifications Insert (#P1-10).** *All Bidders in the AIC Capacity procurement event must resign the AIC Capacity P1 Certifications Insert (#P1-10) agreeing to the terms of the RFP Rules dated April 13, 2023. Bidders in the AIC Capacity procurement event must submit a duly completed #P1-10 Insert with the*

Spring 2023 BEC RFP

signature dated on or after April 13, 2023 by email to Illinois-RPF@nera.com by June 2, 2023 in order to complete their Proposal.

Several documents issued as part of a Bidder's Part 1 Notification for AIC Capacity Products on March 31, 2023 will be revised and a separate announcement will be sent to Bidders upon reissuance of the revised documents.

BEC RFP – POSTING: Draft RFP Rules and Final Pre-Bid Letters of Credit; ANNOUNCEMENT: New Fuel Mix Reporting Requirements

Published Date: February 27, 2023

On February 27, 2023, the Procurement Administrator posted a draft version of the Spring 2023 RFP Rules as well as Appendix 18 Fuel Mix Report, to the [Draft Documents](#) page of the Block Energy and Capacity (“BEC”) section of the procurement website. The Procurement Administrator also posted the final Standard Pre-Bid Letters of Credit for energy and capacity.

New Fuel Mix Reporting Requirement: The draft RFP Rules include information regarding the collection and release of fuel mix data for the procurement events beginning with the Spring 2023 BEC RFP:

- **In accordance with the ICC Order** dated December 15, 2022 approving the IPA’s 2023 Electricity Procurement Plan with modifications (Docket No. 22-0590), **fuel mix data related to winning Bids for a procurement event for Energy Products will be aggregated across successful Bidders and made public** at the time of ICC approval of a procurement event for Energy Products.
- The fuel mix data related to winning Bids will be collected in Appendix 18 Fuel Mix Report to the RFP Rules. The Fuel Mix Report is completed for all Bids identified as winning Bids for a Company and provides the expected fuel mix by month and on-peak/off-peak segment for that Company. Paragraph VI.2.15 of the draft RFP Rules details the requirements under Appendix 18.
- The Officer of the Bidder must certify that if the Procurement Administrator notifies the Bidder that the Bidder has Bids that are identified as winning Bids to the ICC for a procurement event for Energy Products, the Bidder will submit a complete Fuel Mix Report by 6 PM on the day after the Bid Date. This new certification, and all other certifications required under the Part 1 Proposal, are found in Section IV of the RFP Rules.
- The IPA will request the actual fuel mix of supply from each winning Bidder in each December for the preceding six months of a Planning Year for which energy was supplied to a Company and in each June for the preceding six months of a prior Planning Year for which energy was supplied to a Company. The fuel mix data will be requested in aggregate for the preceding six month period to be reported in a format similar to the Fuel Mix Report. If a portion of the actual fuel mix is unknown, the Bidder will be asked to explain why the information is not available.

A bidder information webcast will be held on Friday, March 17, 2023 and is open to all prospective bidders. The Procurement Administrator will provide an overview of the RFP Process and Rules including qualification requirements and requirements relating to the Fuel Mix Report. If you wish to participate, and have not done so already, please [RSVP](#) with the number of phone connections needed.
