Appendix 9
AIC Capacity Procurement Event
Bid Form - Product Information and Targets
Due Friday, October 2, 2026 between 10 AM and 12 PM (CPT)

Product Information and ZRC Targets:

One ZRC in this procurement event represents one megawatt (“MW”) of Seasonal Accredited Capacity for a given Season of a Planning Year, and is either “MISO-Delivered” or “Financially-Settled”. A Bidder will bid on MISO-Delivered ZRCs and/or Financially-Settled ZRCs in the Bid Form, which will determine whether the Bidder will execute the (AIC) MISO-Delivered Capacity Agreement and/or the (AIC) Financially-Settled Capacity Agreement, respectively, with AIC should the Commission approve the Bidder’s winning Bids. Under the (AIC) MISO-Delivered Capacity Agreement, a Seller will transfer to AIC ZRCs that qualify to satisfy the resource adequacy requirements of Module E of the MISO Tariff using the Module E Capacity Tracking Tool in accordance with such agreement. The (AIC) Financially-Settled Capacity Agreement is a financial swap contract for capacity that will mirror volumes of ZRCs awarded and settlement prices under the MISO Planning Resource auction, but does not require the transfer of ZRCs to AIC.

The procurement of capacity for AIC is to satisfy a portion of its forecast requirement for each Season in the 2027-2028 Planning Year and each Season in the 2028-2029 Planning Year. Bids for MISO-Delivered ZRCs and Financially-Settled ZRCs are evaluated together up to a single ZRC Target for each Season of a Planning Year. **The provisional ZRC Targets are provided in the tables below. The final ZRC Targets for each Season of a Planning Year are posted to the procurement website when they become available.**

2027-2028 Planning Year

Product	Forecast Requirement	ZRC Target (number ZRCs)
Summer 2027-2028	2,075	1,068
Fall 2027-2028	2,086	1,040
Winter 2027-2028	1,964	1,439
Spring 2027-2028	1,608	1,084

2028-2029 Planning Year

Product	Forecast Requirement	ZRC Target (number ZRCs)
Summer 2028-2029	2,045	512
Fall 2028-2029	1,987	496
Winter 2028-2029	1,973	494
Spring 2028-2029	1,628	408

Combination	ZRC Target (number ZRCs)
2027-2028 Annual Combination	1,040
2028-2029 Annual Combination	408
2027-2029 Two-Year Combination	408

Bidding Instructions:

-The price is in \$/MW-Day rounded to the nearest cent, and must be greater than \$0.00/MW-Day.

-Specify a whole number of ZRCs at the price included in the Bid in the '# of ZRCs' column for each Product and/or Combination.

-Specify the Local Resource Zone where the ZRCs are located in the 'Source Zone' column for each Product and/or Combination.

-A Bid for a given Season of a Planning Year must be for at least four (4) ZRCs. There is no minimum quantity requirement for a Bid for a Combination.

-If a Bidder bids on more ZRCs for a Season or Combination than is available for that Season or Combination, across MISO-Delivered ZRCs and Financially-Settled ZRCs, the higher priced Bids will be discarded.

Bid Form - Financially-Settled ZRC Bids for Planning Years 2027-2029

Bidders who have Bids identified as winning Bids that are approved by the Illinois Commerce Commission from this tab will execute the (AIC) Financially-Settled Capacity Agreement. Every Bid entered on this tab may be evaluated. The Bidder has certified that each Bid is a binding and irrevocable offer to financially settle for ZRCs for a Product and/or Combination.

-Specify a whole number of ZRCs at the price included in the Bid in the '# of ZRCs' column for each Product and/or Combination.

-If a Bidder bids on more ZRCs for a Season or Combination than is available for that Season or Combination, across MISO-Delivered ZRCs and Financially-Settled ZRCs, the higher priced Bids will be discarded.

ZRC MWS Description:

The Bidder may, but is not required to, specify a ZRC Maximum Willingness to Supply for a Product (*i.e.* , Season of a Planning Year). The ZRC Maximum Willingness to Supply for a Product is the maximum number of ZRCs, across MISO-Delivered ZRCs and Financially-Settled ZRCs, that the Bidder is willing to win for that Product, across all ZRCs bid on that Product individually as well as all ZRCs bid on any Combinations that include that Product. Unless the Bidder specifies otherwise, the ZRC Maximum Willingness to Supply is set at its default value, which is the minimum of: (i) the number of ZRCs bid, across MISO-Delivered ZRCs and Financially-Settled ZRCs, for that Product (across ZRCs bid on that Product individually and any Combinations that include that Product); and (ii) the ZRC Target for that Product. The default values for the ZRC Maximum Willingness to Supply are given in the "ZRC Default MWS" row below. The ZRC Default MWS may be less than four (4) ZRCs in the case where the Bidder submits a Bid on a Combination only, for a quantity of less than four (4) ZRCs.

Instructions:

If a Bidder specifies a ZRC MWS for a Product that is not the ZRC Default MWS, that specified ZRC MWS in the "ZRC MWS" row below must be equal to or less than the ZRC Default MWS for that Product. The specified ZRC MWS for a Product must be at least four (4) ZRCs. If the Bidder submits a ZRC MWS that is greater than the ZRC Default MWS for a Product, that ZRC MWS specified by the Bidder will be ignored and discarded. The ZRC Default MWS will be used instead. Details regarding a Bidder's Bids, including the ZRC Default MWS, as well as checks for the convenience of Bidders, are provided in the "Checks and Flags" section following the "Checks" header.

Checks

The below information is provided strictly for the convenience of Bidders. Bidders are referred to Appendix 19, which explains the ZRC MWS and ZRC Default MWS in more detail. The calculation of the ZRC Default MWS is made above. To the extent that the Bidder has specified a ZRC MWS for a Product that causes Bids on that Product or on one or more Combinations that include that Product to not to be evaluated, the Product is flagged below. To the extent that the specified ZRC MWS for a Product will be discarded because it exceeds the ZRC Default MWS for that Product, the Product is flagged below. To the extent that the specified ZRC MWS for a Product will be discarded because it is blank, the Product is flagged below. To the extent that the Bidder has submitted Bids that will not be evaluated because the number of ZRCs bid on a Product or Combination exceeds the ZRC Target for that Product or Combination, the Product or Combination for which there is such an occurrence is flagged below. These flags are provided for informational purposes only and none of the flags below imply that the Bid Form is deficient. Not all circumstances where a Bidder's Bids are not evaluated because of a specified ZRC MWS are flagged by these checks. The evaluation of the Bid Form will be provided to each Bidder by phone.
