Bidder information is incomplete. All fields are mandatory.

Product Information:

This RFP solicits suppliers to deliver specific quantities of on-peak and off-peak energy in various months over the period June 1, 2015 through May 31, 2018. All on-peak hours in a given month constitute the on-peak Segment for that month and all off-peak hours constitute the off-peak Segment for that month. A Product is a constant quantity of energy to be delivered at the applicable company zone (either the Ameren Illinois Company Load Zone or the Residual ComEd Zone) in either the on-peak Segment or the off-peak Segment of a specific month.

The Target for each Product is the quantity of each Product that this RFP seeks to procure expressed in numbers of 25 MW blocks. The Targets for Ameren are given in Table 1 and the Targets for ComEd are given in Table 3 below. This RFP seeks to procure seventy-two (72) Products for Ameren and sixty (60) Products for ComEd.

A Bidder may bid on any number of Products and may bid on all Products. For each Product, a Bidder may bid on any number of blocks up to and including the Target for that Product.

A Combination is a grouping of two or more Products. A Bidder may bid on one or more of the thirty (30) Combinations for Ameren and the twenty-five (25) Combinations for ComEd.

A Bidder may bid on any number of Combinations and may bid on all Combinations. For each Combination, a Bidder may bid on any number of blocks up to and including the number of blocks available for each Combination. The number of blocks available for each Combination are provided for Ameren in Table 2 and for ComEd in Table 4.

Complete and Sign Certification:

I, _____, certify under penalty of perjury that I am authorized to submit these Bids. By affixing my electronic signature below I understand and agree to the following: Any Bid on any Product or any Combination submitted in response to this RFP is binding until nine (9) business days after the Bid Date. Each Bid constitutes a binding and irrevocable offer to supply a block of a Product or a block of the Combination at the price provided as the Bid and under the terms of the applicable supplier contract. All Bids together constitute a binding and irrevocable offer to supply, under the terms of the applicable supplier contract, the number of blocks of each Product at each price submitted and the number of blocks of each Combination at each price submitted up to the maximum willingness to supply for each Segment of each month.

Section 2. Maximum Willingness to Supply ("MWS")

The Bidder may, but is not required to, specify a Maximum Willingness to Supply for a Segment and a month. The Maximum Willingness to Supply for a Segment and month is the maximum number of blocks that a bidder may win for that Segment and that month. Unless the Bidder specifies otherwise, the Maximum Willingness to Supply is set at its default value, which is the minimum of: (i) the number of blocks bid for that Segment and that month; and (ii) the target for that Segment and that month. The default values for the Maximum Willingness to Supply are given in the "Default MWS" row below. The Bidder may specify another value in the "MWS" row below.

	Jun-15	Jul-15	Aug-15	Sep-15	Oct-15	Nov-15	Dec-15	Jan-16	Feb-16	Mar-16	Apr-16	May-16
Default MWS	-	-	-	-	-	-	-	-	-	-	-	-
MWS	-	-	-	-	-	-	-	-	-	-	-	-

If a Bidder submits a Maximum Willingness to Supply for a Segment and a month, that Maximum Willingness to Supply must be equal to or less than the default Maximum Willingness to Supply for that Segment and month. If the bidder submits a Maximum Willingness to Supply that is greater than the default Maximum Willingness to Supply for a Segment and month, that Maximum Willingness to Supply submitted by the Bidder will be ignored and discarded. The default Maximum Willingness to Supply will be used instead.

Section 2. Maximum Willingness to Supply ("MWS")

The Bidder may, but is not required to, specify a Maximum Willingness to Supply for a Segment and a month. The Maximum Willingness to Supply for a Segment and month is the maximum number of blocks that a bidder may win for that Segment and that month. Unless the Bidder specifies otherwise, the Maximum Willingness to Supply is set at its default value, which is the minimum of: (i) the number of blocks bid for that Segment and that month; and (ii) the target for that Segment and that month. The default values for the Maximum Willingness to Supply are given in the "Default MWS" row below. The Bidder may specify another value in the "MWS" row below.
