Indexed REC RFP Results**

24 June 2026

Indexed Renewable Energy Credit Procurement Results

In accordance with Section 16-111.5(h) of the Illinois Public Utilities Act and ICC Orders, the following information is made public at the time of Commission approval of a procurement event under the Indexed REC Procurement: (i) the names of successful bidders; (ii) the average of the winning bid prices for each contract type and contract duration; (iii) the address and nameplate capacity of the new renewable energy generating facility; (iv) the annual quantity of RECs selected; and (v) the business address and contact information for each successful bidder. These are provided below. There were six winning projects in the Summer 2026 Indexed REC RFP that are proposed to be located at least 50% within an Energy Transition Community Grant Area and one winning project that is proposed to be located in or adjacent to a Hydropower Preference Community.

Successful Suppliers and Selected Projects (Wind/Hydro Category).

Supplier Name, business address and contact information	Address of Selected Project	Project Type	Nameplate Capacity (in MW AC rating)	Annual Quantity of RECs Selected	Average Winning Bid Price (\$/MWh)
Diamond Grove Wind, LLC 120 Garrett Street Suite 700 Charlottesville, VA 22902	(40.324586°N, 88.813289°W) Le Roy, Illinois 61752	Utility-Scale Wind	300.00	973,291	92.60
Four Creeks LLC 1221 McKinney Street, Suite 1900 Houston, TX 77010	17918 N Brimfield Rd, Brimfield, Illinois 61517	Utility-Scale Wind	250.00	731,029	
Four Creeks LLC 1221 McKinney Street, Suite 1900 Houston, TX 77010	17918 N Brimfield Rd, Brimfield, Illinois 61517	Utility-Scale Wind	250.00	731,029	
Summit Water Nexus, Marseilles, LLC 11385 Wild Meadow Place San Diego, CA 92131 Martin.kloeck@signinacapital.com craig.engler@sustainableglobalhydro.com marseilles@foranalytics.com	229 Main St, Marseilles, Illinois 61341	Hydropower	10.26	60,000

Zel Seedbox Solar, LLC 2700 Post Oak Blvd. Suite 20-130 Houston, TX 77056	(37.943313°N, 88.566517°W) Walpole, Illinois 62817	Utility-Scale Solar	140.00	327,642	

The Average Winning Bid Price reflects the strike price (\$/MWh) in the bid for each project or, if applicable, the strike price (\$/MWs) adjusted by a Forecast Factor. If a project opted into the Strike Price Adjustment Mechanism described in Exhibit G to the Indexed REC Contract, the strike price has been adjusted using a Forecast Factor, which is the expected percent change in the strike price based on the Strike Price Adjustment Mechanism if such an adjustment is made thirty (30) months after the day on which the Commission approves the bid for the project. The Forecast Factor for each technology for each procurement event is available on the procurement website.

The price of an index REC shall be calculated by subtracting the strike price (or strike price as adjusted pursuant to the Indexed REC Contract, if applicable) from the index price in a given settlement period.
