

Time-of-Use RFP November 2019 Solicitation

The RFP documents for PPL Electric Utilities Corporation's Time-of-Use ("TOU") program for the November 2019 solicitation were issued on October 14, 2019 with a scheduled Bid Proposal Due Date of November 12, 2019. Bids were solicited to procure full requirements tranches to serve the TOU Load of customers in each of the Residential and the Small Commercial & Industrial Customer Groups for a 6-month delivery period from December 1, 2019 through May 31, 2020.

The TOU RFP failed to procure tranches for each of the Residential and the Small Commercial & Industrial Customer Groups for this November 2019 solicitation.

In accordance with Section 7.6 of the TOU RFP Process and Rules, the TOU Contingency Plan will be enacted for both Customer Groups. Under the TOU Contingency Plan, the TOU Load will be included in the Default Service Load for the applicable period and served by the Default Service Suppliers providing Default Service Supply under PPL Electric Utilities Corporation's current default service program under Docket No. P-2016-2526627.
